## Raskob Arrives In Chicago To Halt Roosevelt Boom

### FAVORS TWO THIRDS RULE TO NOMINATE

Chairman of National Committee Lines Up Solidly Behind Shouse

#### BACKS "HOME OPTION"

Arrival of M'Adoo Expected to Aid Movement to Stop Roosevelt Forces

**BULLETIN**  
WASHINGTON, June 21.—Late today Senator Borah made public a prohibition plank which he said he had urged on Republican leaders before the convention. The plank called for observance and enforcement of the Eighteenth amendment until such a time "as the majority of the people in two-thirds of the Congressional districts and in two-thirds of the states tire of prohibition."

**CHICAGO, June 21.—(UP)—**Chairman John J. Raskob of the Democratic national committee arrived here today to urge nomination "of a strong man" by the Democrats and to declare the Democratic party's chances for victory the best since the Civil war.

The diminutive millionaire, a close friend and sponsor of Alfred E. Smith, immediately began a series of conferences here concerning the outlook of the "stop Roosevelt" movement.

While Raskob has contended he is neutral, he is classed by the Roosevelt forces as an enemy. Raskob entered immediately into the political controversies seething here on the eve of the convention by declaring he did not believe the two-thirds rule for nomination of Democratic candidates should be abrogated at this convention.

The Roosevelt forces have contemplated such a step assured of a majority of the convention, but no final decision has been reached on this controverted plank. Raskob, author of the famous "home option" prohibition plan, said the convention itself would write the party's prohibition declaration and it would not be dictated by any "inside group."

Farther than this, the national chairman declined to go into detail as to the prohibition plank in the platform.

The "home rule" plank calls for repeal of the 18th amendment by those states which desire a return of liquor, with the "wet" state authorized to handle a prohibition issue as they see fit. It likewise guarantees protection to states which prefer to retain prohibition.

This plan, which Raskob sprang upon a national committee meeting in Washington more than a year ago to stir up immediate resentment from drys gathered there, formed the idea upon which Republicans drafted the plank they adopted recently and which Senator Borah of Idaho disclaimed in a dramatic speech yesterday before the senate.

Asked whether economic issues would not be more prominent at this convention than prohibition, Raskob replied:

"What greater economic question is there?"

### COUNTY TURNS DOWN \$400,000 PROGRAM

#### Governor Will Call Solons In Extra Meet

**SACRAMENTO, Cal., June 21.—(UP)—**The California State Legislature will convene in extraordinary session to discuss the water problems of the state, between August 14 and 24, it was announced by Governor Rolph today.

The governor said the session could not be held before August 14, when the Olympic games close in Los Angeles. The secretary of state's office said that copy for constitutional amendments must be in the hands of the printer by August 24 for pamphlets that are mailed to the voters.

### 25 KILLED IN CHILE STREET RIOTING TODAY

#### Strict Martial Law Ordered By Socialist Government Leaders

**SANTIAGO, Chile, June 21.—(UP)—**Rioting had caused 25 deaths and 75 injured in Santiago's streets today and a bakers' strike threatened to cut off the city's bread supply as the Socialist government ordered strict martial law.

Groups of extremists attacked Carabinero stations in both Santiago and Valparaiso early today, causing reports of even more casualties.

Regular troops were sent to Valparaiso to aid the carabineros. United States Ambassador William S. Culbertson asked the government of Carlos G. Davila to provide greater protection for United States citizens and interests after 5000 men went on strike at the Barden copper mines.

A mob stormed an arsenal on the outskirts of the city, but was repulsed. Serious rioting also occurred at Valparaiso.

A decree outlawing communism, declaring propagandists of communism to be enemies of the republic, and establishing drastic penalties for such propagandists was prepared and awaited signature by the members of the junta.

### PRORATION BOARD TO CONTROL OIL

**OKLAHOMA CITY, June 21.—(UP)—**Gov. W. H. (Alfalfa) Bill Murray in an executive military order today created a proration board to govern oil production in the Oklahoma city field.

He ordered that an assessment of one-fourth of one cent per barrel be levied on all production beginning July 1. The assessment, he explained, was to bear the expense of his proration enforcement.

The governor sent 30 national guardsmen into the city field at once and instructed them to patrol all oil wells in three shifts of eight hours each.

### COMMUNISTS FAIL TO GET ON BALLOT

**SACRAMENTO, Calif., June 21.—(UP)—**With the failure of the Communist party to qualify for participation in the August primary election, a statewide protest was under way against invalidation of petitions of the party.

The Communists failed to qualify as a political party, the secretary of state's office explained, because they lacked 8000 of enough signatures on their petitions.

The campaign for reversal is before the supreme court, with which an appeal has been filed. One message charged that 33,000 signatures were thrown out because of "manipulations" of the Socialist party.

### John Garner Comes Out For Repeal

#### Speaker Makes Known His Position in Statement Released Today

**BULLETIN**  
**AUSTIN, Tex., June 21.—(UP)—**Organized forces for prohibition will oppose the Democratic nomination of Speaker John N. Garner for the Presidency, Mrs. Claude De Van Watts, president of the Texas W. C. T. U., declared today.

"Since he has declared flatly against the principles we represent, we declare flatly against him," she said. "Dry women throughout the South will not countenance his candidacy."

**WASHINGTON, June 21.—(UP)—**Speaker John N. Garner went on record today as an unqualified advocate of repeal of the 18th amendment and for the first time took official notice of a campaign in his behalf for the Democratic presidential nomination.

Garner's position, made known in a formal statement, added another outright vote to the list of Democratic presidential candidates and indicated that the Democratic platform to be adopted in Chicago next week would contain a strong anti-prohibition plank.

The reference to prohibition was made in two lines of a complete outline of Garner's views on public questions, apparently put forward as the platform upon which he will stand in his bid for the Democratic nomination.

Today's statement was the first official pronouncement Garner has taken of efforts of his friends to advance him for the Democratic presidential candidacy.

"I appreciate the support of my friends," he said, "and am willing to serve my country and my party to the limit of my capacity."

Garner said of prohibition: "When the prohibition amendment was proposed, I, as a member of congress voted against it. I have never believed it sound or workable and it should be repealed."

Garner has been asked repeated-

### POLICE CHIEF DIES FROM HEART ATTACK

**SALINAS, June 21.—(UP)—**William A. Oyer, police chief at Monterey, former sheriff of Monterey county and one of the most colorful peace officers of the state, died suddenly of heart trouble today. He had been in apparent good health up until the time of his death.

Oyer rose to prominence as a sheriff when on July 6, 1925, he figured in the famous Moss Landing battle between riotous runners and peace officers. During the fight, Deputy Sheriff N. H. Rader was killed, Oyer was crippled and Henry Livingston, present inspector of the state highway patrol, was wounded.

Paul Brokaw, Harvard graduate, allegedly was the leader of the rum runners. He and a companion were tried and acquitted, however, and Brokaw was reported to have died in the Livermore hospital four years ago.

### MRS. JAMES WALKER GOES UNDER KNIFE

**NEW YORK, June 21.—(UP)—**Mrs. James Walker, wife of New York's mayor, underwent a major operation for abdominal complaints at Polytechnic hospital today.

She was in the operating room an hour and a half. Her condition was reported as "good."

The operation was performed by Dr. William Schroeder, mayor Walker's personal physician.

"Good luck to you Mrs. Walker," said Dr. Schroeder when she was wheeled into the operating room. "Doctor, who do you think will win, Schmeling or Sharkey," she asked.

### HOOVER FIGHTS ALLEVIATION OF WAR DEBTS TO LOSE SEATS

#### President Outlines Attitude of United States in Geneva Message

**GENEVA, June 21.—(UP)—**An important trans-Atlantic telephone message from President Hoover, understood to have notified Europe that the United States would not consider alleviation of war debts until Europe made progress in disarmament, was delivered after midnight today to Premier Edouard Herriot of France.

The United Press was informed simultaneously that Washington would make an announcement regarding the relation of war debts to disarmament within 48 hours.

The Mont Blanc cafe in the tiny, sleepy village of Morges, half way between Geneva and Lausanne, was chosen for delivery of the message.

### CONGRESSMEN RETURNS TODAY SHOW THIRD OF PRESENT DELEGATION LOSE NOMINATION

**ST. PAUL, Minn., June 21.—(UP)—**Returns in Minnesota's state and congressional primary today showed that voters had turned away from the present congressional delegation.

Observers believed that at least a third of the Republican incumbents would fail to be nominated and the leaders on each of the three major parties were not at present congressmen. It was the state's first "at-large" primary in 20 years.

Magnus Johnson, former "dirt farmer" senator from Minnesota led the Farm-Labor ticket with Paul Kvale, present Farmer-Labor representative.

Schumacher declined to vote on the grounds that the project was scheduled for a hearing at the next meeting of the Associated Chambers of Commerce and that in his opinion official action should be delayed until after that meeting.

### SENATOR BORAH SPEAKS OUT (An Editorial)

The strong, ringing utterances of Senator Borah in Washington yesterday are heartening to every Republican, and Democrat as well, who believes that principles should be the guiding star in the political, as well as the distinctly religious activity of every man. Listen to his utterances! After referring to the effort of the Democrats and the Whigs to dodge the slavery question, he says:

As a result the Whig party perished of sheer political cowardice. The Democratic party shortly went into retirement for forty years because there came out of the prairies of Illinois a strange figure who said that it did make a difference whether they voted it up or voted it down, that there was a moral purpose in the people of the United States which could not be killed by resolution in a political convention.

So I say today that a quietus cannot be put on this question by adopting resolutions in political convention. We will go back to the people who will decide this question regardless of party lines and we will see whether there is a desire to let it go up or let it go down.

The significant point in respect to the Chicago convention, which the Browns and the Bingham and the Garfields and the Mills, "wet" leaders, who had charge of the manipulation of the machinery in the interest of the administration, cannot understand, is that there is any moral purpose in the citizens of the United States, or any lengths to which they could lead the convention, which would not arouse moral indignation throughout the length and breadth of the land. Senator Borah expresses this indignation. He has already performed a great service to the nation.

With a man of his unswerving purpose, with his comprehension of the Constitution and principles involved, he could furnish a leadership to the nation, which might lead it further from the quagmire of political corruption and crookedness, and political alliances with those who would break down the Constitution and the Law, and withal furnish a standard of political action which would challenge the best there is in the American people, in all parties and among all groups, which would do much even for civilization itself.

The country demands a leadership that feels outraged when the exploitation of the people by designing men is exposed, however closely connected with our national administration. We have not had such a man in the White House since the days of Roosevelt. We believe that Mr. Hoover personally may have such purposes and ideals, but he seems to be surrounded by men like those around Taft when they said he was "a perfectly amiable gentleman, surrounded by men who knew exactly what they wanted."

Mr. Hoover is not a politician, and never has been, in the ordinarily accepted sense of the term. It has probably been the consciousness on his part that he is not, that has led him to depend in his program, upon the men who have such reputations. No man enjoys a reputation for being shrewder in politics than does Walter Brown, the Postmaster-General, who has been guiding this whole program.

But the only kind of politics that Mr. Brown does understand is that of manipulation and trades and agreements and personal alliances. That which is represented on the other hand by a great movement, such as the church forces, is completely beyond Mr. Brown's comprehension.

### Report Of G. A. Elliott Is Upheld

#### Supervisors Decide Not to Join in Tri Counties Conservation Plan

**ORANGE COUNTY** will not participate in the proposed \$400,000 water conservation program outlined for the upper Santa Ana river basin by state L. Sanderger, engineer employed by the Tri-Counties Water Conservation association for that purpose, as the result of a resolution adopted by the board of supervisors this morning.

The board turned down the proposal on the advice of G. A. Elliott, San Francisco engineer employed by the board to study the program and make recommendations as to its acceptability. The program was turned down by vote of all members of the board with the exception of Supervisor William Schumacher, from the Third District.

Schumacher declined to vote on the grounds that the project was scheduled for a hearing at the next meeting of the Associated Chambers of Commerce and that in his opinion official action should be delayed until after that meeting.

The plan as outlined by Sanderger provided for spreading operations in the San Bernardino valley the expenses to be shared by San Bernardino, Orange and Riverside counties and the State of California. Orange county had been asked its appropriation \$10,000 for the work. The state had agreed to match dollar for dollar, any money appropriated by the counties. This state aid would come from the \$400,000 fund appropriated for a tri-county water conservation program.

**Adverse Advice**  
Elliott advised against entering the proposed project and advised the county supervisors to do everything in their power to halt the project until an equitable arrangement has been agreed upon by all parties in interest of which will insure to the various parts of the river basin a fair proportion of the naturally available water by strict observation by all parties of an agreement not to spread any water except water which otherwise would run to the ocean.

In refusing to participate in the program the supervisors declared in the resolution adopted today Orange county's willingness "in every way possible to aid in bringing about such an agreement and to aid in conservation work which will be equitable to all and injurious to none."

### DAVID HUTTON CASE IS RESUMED TODAY

**LOS ANGELES, June 21.—(UP)—**Spicy details of the impetuous love-making of David L. (Iron Man) Hutton, husband of Aimee Semple McPherson, were added to the court records today as Miss Myrtle St. Pierre, attractive nurse, continued the testimony she hopes will win her \$200,000 heart balm.

There was no holding back the corpulent choir singer once he met her. Miss St. Pierre said as she resumed the story she broke off yesterday after she had told how Hutton was an excellent one-arm automobile driver, a fine cocktail mixer, and a good man at passing amorous repartee.

"He claimed that he loved me at first sight," she said.

### CHICAGO GANGSTER IS UNDER ARREST

**BALBOA, C. Z., June 21.—(UP)—**Ralph Joseph Baker, employed as a barber at the Fort Amador army post for more than a year, was under arrest today as Bill Bailey, Chicago gangster under indictment for kidnapping Zeke Cardes, Agua Caliente race track official, and his wife, in December, 1930.

### Work On Rock Pile Keeps Him Too Busy

**LOS ANGELES, June 21.—(UP)—**Because "work on the rock pile" kept him so busy that he was unable to prepare a defense against charges in an indictment here, S. C. Lewis, oil promoter, today had on file in federal court a petition asking his transfer to the Los Angeles county jail 60 days before the case is set for trial.

Lewis is serving time in Leavenworth federal prison. The Los Angeles charges against him are based on alleged fraud in connection with operations of the Julian Petroleum corporation.

### NEW DIVISION OF CHAMBER IS BEING FORMED

#### Merchants Department Will Oppose Firms Unloading Bankrupt Goods

**A SMASHING BLOW** will be leveled at firms that unload bankrupt stock in Santa Ana which is brought here from other cities under the guise of legitimate business if plans under way by a newly organized Merchants Division of the Santa Ana Chamber of Commerce are fulfilled.

More than 100 prominent Santa Ana business men already have joined the new organization which has selected A. Cavalli as manager of the new division. Many more are expected to fall in line with the policies of the new organization.

One of the main objects of the new organization will be to further the adoption of a city ordinance with "teeth" in it which will prevent outside interests from coming into the city to unload bankrupt stocks and to give Santa Ana black eye with the screaming "bankrupt" sales banners which are used to decorate the stores.

### "FATTY" ARBUCKLE IS MARRIED TODAY

**ERIE, Pa., June 21.—(UP)—**Roscoe Arbuckle, 45, former screen comedian, and Miss Addie McPhail, 26, actress, were married here today by Justice of the Peace Walter Goodwin.

The two came here from Cleveland where both are appearing in a show.

Registrar of Wills Ben Swartz, who issued the license, and two other persons witnessed the ceremony in the justice's office. The couple returned to Cleveland immediately after the ceremony.

### IDAHO SOLON EXPECTED TO ACT FURTHER

#### Administration Leaders To day Await Word What Course He is to Pursue

#### WHITE HOUSE SILENT

Little Hope Held Out That Compromise With Senator May Be Affected

**WASHINGTON, June 21.—(UP)—**Sen. William E. Borah, of Idaho, powerful Republican progressive and dry leader, has disrupted Republican campaign plans at the outset by his dramatic and flat declaration that he will not support President Hoover or reelection on the prohibition plank adopted at Chicago.

Administration leaders, striving to hold both wets and drys in line, had feared such a blow, but hoped to avert it. They waited anxiously for Borah to make a promised elaboration of what course he might pursue in the campaign.

Several lines of action remain open to the western leader, who in many previous battles has flung down the party standard and then picked it up again.

1. He might ignore the presidential campaign and devote his energies to campaigning for individual dry senators and congressmen.

2. He might throw his support, or at least his vote, to some other presidential candidate.

3. He might head a third party, though he said he had "absolutely nothing in view along that line."

4. President Hoover, in the course of the campaign might continue to "interpret" the plank in a manner that would win Borah's support.

No Comment

The White House had "no comment at this time" on the dramatic utterance which Borah roared out in the senate late yesterday before crowded galleries which hung on his every word.

President Hoover held hurried conferences with his political advisors. Recognizing that the veteran Borah's influence might well prove a vital factor in the campaign, it was assumed they would make

### STATE OFFICIALS GO TO WASHINGTON

**SAN FRANCISCO, June 21.—(UP)—**A delegation of state officials were enroute to Washington today to ask the Reconstruction Finance corporation to buy a proposed \$160,000,000 state bond issue to finance a super-irrigation system.

Governor James Rolph Jr. announced here last night that he will call a special one-day legislative session shortly to submit a constitutional amendment to the voters at the November election providing for the huge water bond issue.

(Continued from Page 1)

came from labor and military elements which supported Col. Marmaduke Grove, dominant figure in the recent junta overthrow last week by a counter-revolt. Col. Grove and his aides were sent to prison on an island 400 miles off the Chilean coast.

The rioting was the most serious since the overthrow of the Ibáñez dictatorship.

The streets of Santiago were cleared by carabinieri and machine gun patrols early today and the government appeared to have the upper hand. The government designated a bread commission which will have charge of baking and distributing bread if the bakers' strike continues.

The opposition by labor unions caused a day of wild excitement. Striking street car workers attacked several cars, and burned them in the streets. Cavalry and infantry patrols made repeated charges to disperse hostile gatherings. Merchants pulled iron shutters over their windows. Citizens retreated to their homes.

The government arrested 32 members of the Bulo regiment, most of them non-commissioned officers, on charges of plotting a subversive movement.

Slaughter house workers were scheduled to strike today, joining tramway men, bakers and employees of the Braden Copper company.

## NEW DIVISION OF CHAMBER IS BEING FORMED

(Continued from Page 1)

A considerable amount of money is taken from the city by these firms which specialize in "closing out" sales and bankrupt sales, according to officials of the new organization.

Recently Bruce E. Switzer, superintendent of Rankin's department store, called a meeting of the leading merchants and business men of the city with the object of creating the Merchants' division. The purposes of the organization were outlined as follows:

"To organize and coordinate business men into a strong group for the sole purpose of building more and better business for Santa Ana. The Merchants' division not only will stimulate a buy in Santa Ana consciousness, but will stimulate trade at home with local merchants and manufacturers."

The chamber of commerce will co-operate with the division as the board of directors has endorsed the movement and pledged its support. City officials and the Business Men's Association also have promised support in setting a higher standard of business ethics in the city.

Storekeepers, who are irresponsible soon will be asked to leave town and a real clean-up is promised, according to officials. "Santa Ana is the shopping center of Orange county and will remain so," Bruce Switzer, father of the movement, said today. "The division will be free of any politics and will act independently," he said.

The executive committee has employed A. Cavalli, formerly of Hollywood who is an experienced man in this work, to manage the new division. Cavalli already has started activities and promised real action in the near future. He has been active for the past 10 years in this type of work and can point to three successful Merchants' divisions which are operating today in various parts of the country. He is a newspaper and advertising man by profession and has been an active chamber of commerce secretary up until a few months ago.

Included in the new organization are the following men, well known in Santa Ana and this section: H. F. Rankin, Claude McDowell, Walter Swanberger, James Harding of the Chandler Furniture company, J. C. Horton, D. G. Tidball, J. H. Rankin, Otto Haan, F. J. Was, Harry Hanson, W. C. Jerome, Carl Stein, W. B. Rudd, Bruce Switzer and many others who have been leaders in the formation of the division.

Headquarters will be established in the chamber of commerce office in the court house annex.

## WILL ROGERS says:

BEVERLY HILLS, June 21. (To the Editor of The Register.) Everybody asks "Who are the Democrats going to nominate?" "If the Democrats nominate a good man," Where do they get that good man stuff? The Democrats haven't got anything else. And if you don't believe it you just listen in on the radio next week.

Flew through Fort Worth, Tex., the other day and home over the splendid American Airways.

Texas is sending more folks to Chicago than they did to Houston. Special trains, bands, all for little Jack Garner. The wets out this way are hollering for Ritchie. It's going to be a great show, 1100 real delegates, and not a postmaster in the hall. Nobody knows what anyone of 'em is liable to do.

Yours,  
WILL ROGERS.

## FURTHER WORD FROM BORAH IS BEING AWAITED

(Continued from Page 1)

every effort to induce him to reconsider.

But Borah's studied and vehement denunciation of the whole Republican plank in particular, seemed to leave little chance for compromise. He declared the prohibition plank was a "generality" which really stood for nothing but repeal.

"I disavow and reject this plank," the Idaho orator roared, "and say I shall not be bound by it." Borah charged further that the plank—which calls for submission of a "state's rights" substitute for the 18th amendment—was drafted and put through the convention by men who actually stood for repeal.

Formal Replies  
This drew quick and formal statements of denial from Postmaster General Brown and Secretary of Treasury Mills, two of Mr. Hoover's closest political advisors and members of the platform committee at Chicago.

Brown asserted that before the convention Borah himself had been working on a re-submission plan. Informed of Brown's statement, Borah snapped:

"That is not true. I shall have more to say about it Tuesday." Borah withdrew his charge that Brown personally favored repeal.

Mills said that Borah "evidently misunderstood my position." "While I have not been an advocate of the 18th amendment," Mills' statement said, "I have not believed that mere repeal is the solution. On the contrary, I have become more and more convinced that the true remedy is to be found in modifying the 18th amendment, and at the same time stamp out the undeniable evils that exist today."

To Borah's charges that the plank offered no guidance to the voters, Mills replied that its principles could be summarized in one sentence—"Returning to the states initiative, determination and responsibility, and retention in the federal government of sufficient power to attain two specifically named objectives." These objectives would be protection of states which chose to remain dry, and prevention of the return of the saloon.

## M'ADOO LEAVES BY PLANE FOR CHICAGO

LOS ANGELES, June 21.—(UP)—William Gibbs McAdoo, former secretary of the treasury under his father-in-law, President Woodrow Wilson, left here today by airplane for Chicago where he will head the California delegation to the national Democratic convention.

The delegation is pledged to support Speaker John Garner, who today formally came out for repeal of the 18th amendment. McAdoo, for years an ardent dry, recently came out in favor of a referendum on the prohibition question and followed this by the announcement yesterday that he was a candidate for the Democratic nomination for United States senator from California.

McAdoo repeated this morning before he left that the California delegation had "no second choice for a presidential candidate."

## HOOVER FIGHTS ALLEGATION OF WAR DEBTS

(Continued from Page 1)

Ambassador Hugh Gibson, Norman H. Davis, Herriot, and Minister of War Joseph Paul-Boncour met at the cafe at midnight and conversed over marble topped cafe tables.

Gibson was understood to have told the French delegates that America's plan for limitation of land forces must be given serious consideration and that the disarmament conference must obtain results soon. Gibson added that American public opinion could not understand a request for cancellation or reduction of debts while Europe continued extravagant armament expenditures.

Some quarters professed to believe Gibson had practically issued an ultimatum to Herriot. The Morges conversations generally were interpreted as the American answer to European attempts to blame the United States for possible failure of the Lausanne reparations conference.

The Americans practically staked the life of the arms conference on acceptance of their plan for limitations of land, sea, and air forces, which the French oppose.

## COUNTY NOT TO JOIN IN WATER PROGRAM HERE

(Continued from Page 1)

participation in the program Elliott said that taking the area as a whole a deficiency in supply exists as shown by the constantly receding ground water plane. This shortage, he pointed out, is particularly acute in Orange county basin.

His report said: "Complete practical conservation of the river system will not provide sufficient water for all future use of the San Bernardino Valley and Coastal Plain. Under these conditions development of the water supply of the area should be carried on in such a manner as to provide for an equitable division and use of the water available from the river and its tributaries between the various areas dependent upon it for their existence."

Decreased Flow  
"All conservation of the supply to date has taken place above the lower canyon. This conservation has resulted in decreased surface flow in the river channel in Orange county and a proportionate decrease in percolation into the underground basin of the Coastal Plain from which Orange county derives the greater part of its water supply for irrigation and domestic use. Conservation of the winter runoff through spreading has not resulted in increased summer flow at Prado, leading to the conclusion that the additional supply provided in this way has all been used above the lower canyon. Giving consideration to the future requirements of present irrigated land in the San Bernardino Valley overlying the path of percolation of return irrigation water to the river channel, it must be evident that with the passage of time the flow in the lower canyon will continue to decrease."

"In view of the fact that there now exists a shortage in supply relative to the demand for water and that with future development of both land and water this shortage will become more acute, the water of the Santa Ana river system should be conserved and used only with due regard to the equities of the situation and no part of the area should be developed to the detriment of the remainder. Under these conditions Orange county should not only not participate in the proposed spreading plan in the upper basin, but should prevent if possible any further conservation above the lower canyon, until an equitable arrangement has been agreed to by all parties in interest that will insure to the various parts of the entire area a fair proportion of the naturally available water, giving full consideration to present conservation and future requirements."

In their resolution refusing to participate in the plan the supervisors pointed out that investigations, similar to the one conducted by Elliott had been made by such engineers as J. B. Lippincott, Paul Bailey, B. A. Etcheverry, and Thomas H. Means, and their recommendations were the same. The resolution also pointed out that Orange county and private interests in the county have spent many thousands of dollars in the upper basin in aid efforts to conserve water, and have done so under an agreement and understanding that no water would be spread except during the time that water is flowing in the river at Chapman street bridge in Orange county. This agreement was made so that all basins along the river including the basin in Orange county will get their share of the water and only water will be spread which otherwise would be wasted.

IN EGYPT, TOO  
CAIRO—The first civilian glider flights ever to be staged in Egypt were held recently under the auspices of the Aero Club of Egypt at the Almazo Aerodrome. The glider used, built by two Egyptians, was towed by an automobile until it reached a height of about 160 feet. It was then cut loose and remained in the air for periods of from eight to twelve minutes.

by for his views on prohibition but until today had smilingly declined to commit himself. He made his declaration, one of the most definite yet to come from a man in public office, as he returned to his duties after a 10-day bronchitis illness.

Garner advocated placing the finances of the nation's basic industries on a "surer basis," thereby, he said, "removing the spectre of receivership and foreclosures and restoring their buying power and ability to employ labor," such steps, he said, "were essential before genuine and permanent relief can be accomplished."

## MANY VISITORS EXPECTED FOR DRUMMER DRILL

Hundreds of visitors from Southern California cities will be in Santa Ana Friday evening to attend the Drum Corps party to be held at the Santa Ana hotel, according to announcement today by Ernest N. Winbigger, chairman of the event, which is designed to acquaint Santa Ana people with drum corps activities and at the same time help defray the cost of the corps uniforms.

"We are going to have three or four visiting drum corps, in addition to our own Santa Ana Post No. 131 American Legion drum and bugle corps participating in an exhibition contest," said Winbigger today, "and there will be hundreds of visitors from out of town here to watch the drills. It is a Legion event and there will be Legionnaires here from everywhere. San Pedro is one of the cities with a big delegation slated to be in Santa Ana Friday evening."

The advance ticket sale is proceeding satisfactorily and will get into the final stretch tomorrow, Thursday and Friday, when drum corps members in uniform will canvass the downtown district thoroughly. Only a nominal fee is being charged, for we want the Bowl filled, and I hope everyone will buy, for they will be helping the Santa Ana Legion drum corps and thereby help Santa Ana as a whole."

Winbigger pointed out that the crack Santa Ana aggregation has made seventeen appearances outside of Santa Ana in the past four months, carrying the name of Santa Ana before a quarter of a million people and bringing the community to the favorable attention of the outside world. Many of the appearances were made as the official national drum corps of the Rainbow Division, a designation accorded the Santa Ana corps on March 10.

Among the events participated in by the hard-working and snappy aggregation were the National Orange Show at San Bernardino; Fiesta Pasaia, Los Angeles; anti-Communist parade, Monrovia; Shrine auditorium; Ascot speedway; Angelus Temple; Bankers convention, Los Angeles, and the Los Angeles Army Day Parade.

Santa Ana as yet has not had an opportunity to become fully acquainted with its championship Legion drum corps and it was primarily for this purpose that Friday night's party was planned, with financial aid to the corps uniform fund as the secondary object.

## DEMOCRATS TO HOLD RALLY HERE TONIGHT

Zach Lamar Cobb, sometimes called the "silver tongued orator of Southern California" will be in Santa Ana tonight to address a rally of Orange county Democrats. The rally is to be held in the city hall, starting at 7:30 p. m. and is to be the first open meeting of the recently organized Orange County Democratic club. Ray Adkinson, temporary chairman of the organization, will preside at tonight's meeting.

Cobb is well known in Orange county having filled several speaking engagements here on behalf of John N. Garner, candidate for the Democratic presidential nomination.

The Orange County Democratic club is countywide in its scope, and according to its backers was organized for the purpose of carrying on the party program during the coming election.

## Dr. Ivey to Give A Lecture Series

Dr. Paul Ivey, professor of merchandising at the University of Southern California and noted commercial economist and sales lecturer, will begin a series of lectures in the Anaheim union high school building at 7 o'clock tomorrow night. It was announced today by Fred Schweitzer of Santa Ana, who is advance agent for Dr. Ivey.

The lecture courses will be given for the next five successive Wednesdays with two lectures scheduled for each night. Salesmen and merchants from towns outside of Anaheim are eligible to take the course. More than 150 have already signed to take the course, according to Schweitzer.

## COUNTY DENIES CITY HELP IN PAYING BONDS

Formal request that Orange county assist the city of Santa Ana with funds for the payment of street improvement bonds due in July was denied today by the board of supervisors, acting on the advice of Deputy District Attorney W. M. Menton.

The city of Santa Ana, through Clyde Downing, city attorney, requested financial assistance from the county for the payment of the bonds. The city is making its request for financial aid. Downing said that unless this help is extended the city will be forced to default bond payments due July 2.

The payment due on that date, he said, is approximately \$80,000. Through a rigid economy program and slashing every unnecessary expense from the city budget \$26,000 has been set aside with which to meet a portion of the payment due. The county was asked to appropriate \$55,000 from the gasoline tax fund.

Menton based his decision against the appropriation on the 1931 amendment to the Motor Vehicle act which provides that gasoline tax money can be used for retirement of principal and interest on bonds used for street improvements in county, or city and county. According to Menton's interpretation of the law this amendment precludes use of gasoline tax money to retire bonds used for improvement of streets solely within an incorporated city.

In his appeal to the board of supervisors for assistance, Downing called attention to the plight of Los Angeles county through defaulting bonds. He said that the big bonding houses in the east have circularized Los Angeles bonds and have advised against accepting them.

He declared that unless the city of Santa Ana received aid it will be forced to default bond payments due on July 2. This, he said, will undoubtedly affect future bond issues of the county.

He added: "I appeal to the board to realize the seriousness of the situation. Default on bond payments next month will reflect on the Metropolitan Water District bonds and future bond issues that will be necessary. The supervisors are not only representing Orange county, but every city in the county and when the credit of the county is involved I believe some legal means of extending relief can be found."

He said that Orange county, even through the depression, has

## Raising Cash To Finish Bowers Museum Job

Ways and means of securing cash for securities left by Charles W. Bowers for the construction of the Bowers museum on North Main street in order to continue the work on the building and a discussion of whether or not it would be advisable at the present time to give a supplemental contract for \$4,500 to paint and decorate the interior of the museum occupied members of the city council at the regular meeting held last night.

No action was taken on the matter of painting and decorating the museum which is nearing completion, but was delayed until the meeting next week. The council previously had been requested by the board of directors of the museum to have the painting work done.

Cities represented before the supervisors today were: Santa Ana, Anaheim, Brea, Huntington Beach and Newport Beach. Fullerton is said to be interested in the proposal, but was not represented.

## Kelly Funeral To Be Held Tomorrow

Funeral services for W. A. Kelly, 77, who ended his life by inhaling fumes from the exhaust pipe of his automobile on his ranch at Yorba Linda yesterday morning, will be held at the Friends church in Yorba Linda Wednesday afternoon at 2 o'clock.

The body of Mr. Kelly will be sent to I.G. Gidden, Iowa, his former home, and will be accompanied by his daughter, Mrs. Margaret Graves, who has been visiting her father at his ranch.

Survivors in addition to his daughter include: a son, Charles Kelly, of Glidden and five brothers and three sisters.

The body is at the McAulay and Suters parlors in Fullerton.

(Funeral Notice)  
ERICKSON—Funeral services for Nels Erickson, who passed away at his home, June 19, 1932, will be held at 2 p. m. tomorrow at the Harrell and Brown funeral home, 116 West Seventeenth street, the Rev. Herman W. Meyer, pastor of St. Peter's Evangelical Lutheran church, officiating. Interment in Fairhaven cemetery.

(Funeral Notice)  
JOHNSON—Funeral services are to be held at the C. W. Coffey funeral chapel, Orange, Thursday morning at 10 a. m. for Joe E. Johnson, 53, who passed away at his home at 312 South Glassell street, Orange, last night. Services are to be conducted by the Rev. L. V. Lucas, pastor of the First Methodist church of Orange at the chapel and Masonic services will be conducted at the graveside. Interment is to be made in the Fairhaven cemetery.

## Five Shots Are Fired And Owl Hoots End

Five shots rang out in the still air last night and five owls bit the dust as Carl Kump, 517 North Bristol street, ended the nocturnal hooting of owls near his residence which had been keeping neighbors awake for some time.

Kump called the police station late yesterday and obtained permission to use a shot gun to eliminate the owl nuisance. The permission was granted, with the provision that he did not shoot too many times.

## Warner Warns Dog Owners To Pay Up

Dog owners in Santa Ana were warned today by Police Commissioner Warner that if dog licenses are not paid for their pets they will be picked up and taken to the city dog pound. The warning was issued after it was learned that very few dog owners had obtained licenses so far this year which were due on the first of the current month.

Dogs without licenses which are picked up by the dog-catcher are taken to the city pound where they are kept for three days. If no license is paid for them, the dogs are killed.

## Local Briefs

Members of the Orange County Builders Exchange have been invited to participate in an all-day picnic at Irvine park next Friday by members of the Long Beach Builders Exchange. It was announced today by Secretary Frederic Sanford. Two hundred and fifty members of the Long Beach exchange and their families are expected to attend. There is no speaking program and the day is to be devoted to games, entertainment, and the proverbial picnic lunch.

Charles Monroe applied for handling the fire insurance on the Bowers museum building and fixtures. The matter was referred to the purchasing agent after he had explained it was probable that the insurance could be handled at no extra cost through drops in other insurance costs.

Martha Peters, 208 Lacy street, asked the council not to grant permission to operate a barbecue stand near her home again this year as was granted last July 4, as the odors from the food made her ill.

The city planning commission met at the same time as the council last night and considered several applications for buildings and sign hangings which were made in the form of reports to the council.

## S. A. SKYBIRDS GARNER CHOICE FLYING POSTS

When the American Airways Southern Division recently rearranged its personnel of pilots, Santa Ana was given a prominent place as a training school for pilots. Of the 10 first pilots in charge of ships from the Pacific coast to El Paso, Tex., five of them are Santa Anans and received a large portion of their training at the Eddie Martin Airport here.

Some of these skippers started their training at the local airport and others joined the pilot corps at the Martin airport with limited commercial licenses and qualified for transport work while attached to the local field.

The first Santa Anan to join the nation's leading air line was J. W. Martin, brother of Eddie Martin, operator of the local airport. He joined the force of experienced skippers with the company many months ago, before recent mergers made it the largest airline of the nation. After flying as co-pilot for several weeks he was assigned to the El Paso run as first pilot.

Shortly after "Johnny" Martin joined the company W. E. Hottle and H. B. "Big" Russell followed him. Both Hottle and Russell are products of the Martin airport, having flown ships from that field and received part of their training there. H. Bart Cox, former Santa Ana high school football star, who secured his aviation training in the army and later piloted a mail plane, joined the organization at about the time Hottle and Russell did. The last

## FREE BARBECUE FOR JOBLESS ON JULY 4

Members of the Unemployed Association of Santa Ana who plan to attend the barbecue to be staged at Irvine park on July 4 were urged today to make reservations as soon as possible at the commissary of the association, according to a statement issued today by T. A. Broderick, chairman of the unemployed group. Reservations will close on June 23, he said.

The barbecue will be free to all members of the association and their families. In addition to a bountiful menu which is planned for the barbecue dinner, the day will be featured by a baseball game, foot races and other games with prizes to be awarded to the winners. Music will be presented during the entire day.

Each family planning to attend was asked to provide dishes. Free gasoline will be furnished to members who present their membership cards at a place to be announced later. Those who do not have a car and who wish to attend the affair will be provided with transportation.

LONGEST TAXI TRIP  
TWIN FALLS, Idaho.—Perhaps Roy Hiegeck, of Chicago, was attempting to set a new record, but his attempt must have been costly. He recently passed through here on his way from Chicago to Portland, Ore., by taxicab. Two drivers, alternating every 100 miles, were driving the cab. No stops were made except for meals and gasoline.

## OLD RELIEF BODY IS DISBANDED NOW

The Citizens' Emergency Relief committee, which has been supplanted by the Emergency relief committee with five members in place of the large number which had been appointed by former Mayor John Knox, because definitely dissolved last night when Mayor Paul Witmer read a letter at the council meeting accepting the resignation of Robert Speed, former executive secretary of the relief organization.

The communication, which was signed by Mayor Witmer, expressed appreciation to Speed for the excellent service rendered to the city and the unemployed of the city during his employment as executive of the relief group.

At the present time, the new committee, headed by J. S. Smart, is cooperating with the Unemployed Association of Santa Ana in a program for the relief of needy unemployed families in the city, which are said to number 1000.

## PUTS NEW TAX ON 'FOREIGN' TRUCKS

All trucks and other types of motor vehicles which bring merchandise into Santa Ana from outside cities to business establishments which pay no regular city license, will be forced to pay a quarter for each motor vehicle operating here as a result of the adoption of an amendment to the present license ordinance of the city which was formally made law by the city council at the regular meeting held in the council chambers of the city hall last night.

While at the first reading of

the ordinance there were a number of local grocers present who declared the fact that chain stores who are established here pay no license for trucks, which bring merchandise to the city, last night there was none present who objected to the passage of the ordinance.

The chain stores here that bring merchandise to this city from outside sources cannot be made to pay a city license on their trucks employed to bring goods here because they already pay a city license to conduct business here, according to City Clerk Ed Veglev.

The new amendment was aimed primarily at a wholesale grocery company that has been operating here for some time without paying a city license, according to city officials.

## DEPRECATES EXEMPTING FIVE EARNERS IN WAGE CUT WHILE 95 MUST PAY A HEAVY TOLL

(Editor's Note: The views expressed in this series of articles are solely those of the writer and the organization of taxpayers which he represents, and must not be construed as the opinions of the Register or its editor. We want the public to be fully informed on public matters, and will be glad to hear other views which differ from any expressed herein. This is the second of a series of articles to be published in The Register.)

By WAYNE GOBLE

Secretary, Orange County Civic League

I am listed among those who would like to see high wage rates maintained throughout the country, for high wages mean purchasing power, some of the luxuries of life, business activity and widespread prosperity. No one deprecates the lowering of wage scales more than the members of the Civic League, for they are working people and are among the first to suffer.

But when wage scales HAVE been lowered—already—and business and industry are functioning on the lower level, then we believe that it is right and proper that the few remaining high wages should be adjusted in proportion, particularly when these high wages must be paid by those who are already on the lower schedule.

If 95 per cent of the public, who have had to submit to reduced wage scales, should continue to support the 5 per cent at their former levels, then the salaries of public officials should remain as they are. Otherwise, an immediate adjustment is in order, and the incomes of the 5 per cent reduced in some reasonable proportion to the ability of the 95 per cent to pay. Not too drastic, like fifty per cent, but reasonable, like 15, 20 or perhaps 25 per cent.

**Dollar Buys More Now**  
One dollar NOW buys as much as \$1.50 did five years ago, so even a 33 1/3 per cent reduction would be no cut at all, considering the purchasing power of the dollars received.

Where a wage has not been reduced, the increased purchasing power of the dollar really constitutes a 50 per cent INCREASE in pay, and up to now most public employees have been lucky, for they not only received their pay checks regularly, but in addition they are worth 50 per cent more than formerly. Many of these don't even know there's a depression, for they have been getting along all right, and hardly realize there are 1000 families in Santa Ana with very little or no income at all.

We've either got to let the school teacher, and city and county officials, become a preferred class, and exempt from the fluctuations of dollar value, or deflate them, along with the other items of public business, in a reasonable proportion to the rest of the country. To date, the janitors seem to be bearing the brunt of what few wage adjustments have been made, along with county employees getting from \$75 to \$125 per month.

**Cites An Inequality**  
Why it is that those least able to stand cuts are the very first to be cut, is beyond me. One man can be cut 10 per cent and still have \$540 per month left, while another is cut 10 per cent and has only \$81 left to live on. Maybe I'm dumb, but somehow or other a horizontal cut like that never seemed right or fair to me.

Business and industry seem to have a better system, according to a report of the National Industrial Conference Board, published in the current issue of "Management Methods," formerly System. In a survey of 1,718 representative concerns, it found that "executive salaries" have been reduced, on the average, by approximately 20 per cent; other salaries by 16 per cent, and wage rates by 14 per cent. Apparently the executive in industry can stand nearly twice the cut of the day labor, and still keep him in the style to which he had been accustomed, or nearly so.

**Many Incomes Gone**  
The unfortunate part of it is that in 1929 the 1,718 concerns employed

3,258,666 persons, which in 1932 had dropped off to 2,391,009, a decrease of 26.6 per cent. This means that in those industries alone, 867,657 bread-winners were laid off and have no income at all.

Under such conditions as this, one would think that the officeholders would VOLUNTARILY take a cut in salaries, whether they were paid by the state legislature or not, and without waiting for the public to DEMAND such a readjustment necessitated by the conditions. Many a landlord has torn up a lease contract the past two years, or is accepting \$75 in payment of a monthly rental specified in the lease at \$150.

Everybody's doing it. Why not those paid from the public treasury, the same as everybody else, and particularly those teachers who received a raise last year? Let's all sink or swim together, and not make the janitors, gardeners, and the unemployed bear all the burdens!

### STILL INCREASING

**NEW YORK**—Despite business conditions, air passenger traffic continues to increase. The Aeronautical Chamber of Commerce reports that passengers carried on air transport lines during the first quarter of 1932 totaled 86,763, which is an increase of 31 per cent over the 66,399 passengers carried during the corresponding period of 1931.

### K. P. LEADER

Tom L. Hicks, of the state extension-promotion service, Knights of Pythias, who comes to Santa Ana tomorrow to conduct a "renewed activities" campaign of two weeks.

### STATE K. OF P. HEAD HERE TO AID LODGE

Anticipating 50 new applications, Tom L. Hicks, of the state extension-promotion service, Knights of Pythias, will join members of the Santa Ana lodge tomorrow night in a "renewed activities" campaign, scheduled for the next two weeks, with headquarters at Broadway and Fifth streets.

A special deputy grand chancellor, Mr. Hicks comes directly from organizing work in San Pedro, and upon leaving Santa Ana after two weeks will continue his work as organizer, Knights of Pythias, in sections of Los Angeles county.

Accepted applicants will be given their initiation ceremonies July 6, according to Hicks, who expects at least 10 new applicants at the regular K. P. session tomorrow night.

## 3. SUSPECTED AS BANDITS. IN TOILS HERE

Capture of three men suspected of being bandits was effected late this morning by Deputy Sheriffs Dean and Perry when they arrested the men in Westminster following a telephone call from a merchant who became suspicious of the trio after they had been hanging around a plumbing and hardware store for the past few days, evidently getting the "lay of the land."

Bill Steward, 35, Los Angeles cook, Victor Morgan, 24, also a cook from Los Angeles, and John Hart, 27, a Los Angeles waiter, were the three men who were arrested and booked at the county jail today on charges of investigation of burglary.

Steward attempted to hide a .45 calibre revolver under the seat of the car when the officers arrested the men. Morgan was sitting on a .38 calibre pistol in an attempt to hide the weapon. Officers found a length of hard rubber hose which is believed to be used to subdue intended victims as well as a coil of wire which could be used to tie up victims.

Two of the men are suspected of being former convicts. Herman Zabel, identification expert, today was investigating the records of the men.

If the men are found to be former convicts, felony charges of carrying concealed weapons will be placed against them, officers said.

## The tobacco trade is at "sixes and sevens" on this embarrassing question

DO you inhale? This simple question caught the cigarette trade by surprise! "Why bring that up?" they asked. "Why don't you let well-enough alone?"

But "well-enough" is not enough for Lucky Strike! The subject of inhaling is vitally important... for every smoker inhales knowingly or unknowingly. Every smoker breathes in some part of the smoke he or she draws out of a cigarette!

Do you inhale? Lucky Strike dares to raise this vital question... because Luckies' famous purifying process removes certain

impurities concealed in every tobacco leaf! Luckies created that process. Only Luckies have it!

Do you inhale? Remember—more than 20,000 physicians, after Luckies had been furnished them for tests, basing their opinions on their smoking experience, stated that Luckies are less irritating to the throat than other cigarettes!

## AMAZING SPEED FOR AIRMAIL IN NEW SCHEDULE

Fifteen hours and forty-five minutes to Chicago—23 hours and 28 minutes to New York—that is how far these great eastern market centers are from Santa Ana via new airmail schedules posted in the postoffice lobby yesterday. Posting of the schedule is in itself proof that airmail is rapidly becoming an important item to Santa Ana industry and professions, and of course to the postoffice. The feature of the schedule, however, is that air mail leaves here three times daily for the transcontinental trip, two via Chicago and one via Kansas City; once daily for the southern states and twice daily for the north.

Approximately 400 airmail letters are mailed by Santa Ana residents through the local postoffice daily, according to Postmaster Terry Stephenson.

An example of the speed of airmail service was furnished to the postoffice staff by Mrs. Frances Howell, one of its members, who demonstrated an 88-hour round trip service between Santa Ana and Westfield, N. J., near New York City. Mrs. Howell mailed an airmail letter to Westfield friends here at 4 o'clock last Thursday evening. At 8 o'clock Monday morning she received a letter in reply.

Since speed is the motive for most airmail, Postmaster Stephenson does not expect a decrease in the volume of air mail when new rates become effective July 6 under the new tax bill. On that day the rate will be increased from five to eight cents for the first ounce and to 13 cents for each additional ounce.

New York mail via Chicago leaves here at 5:30 a. m., leaves Los Angeles at 9:40, arrives in

Chicago at 5:15 a. m. and New York at 4:54 the next day. Another bag leaves here over the same route at 4:30 p. m., leaves Los Angeles at 7 p. m., arrives in Chicago at 9 a. m. and New York at 8:42 p. m. the next day. Mail for New York via Kansas City leaves here at 5 p. m., leaves Los Angeles at 5:30 a. m. the next morning, arrives at Kansas City at 6:30 p. m. that same day and at New York at 5:15 a. m. on the morning of the second day out of Santa Ana.

Air mail to southern states leaves here at 8 p. m., leaves Los Angeles at 6:15 p. m. and arrives at Atlanta, Ga., at 2 p. m. the next day.

For northern states air mail leaving here at 5:30 a. m. arrives at Seattle at 7:10 p. m. the same day with only 20 minutes lost at Los Angeles. Mail leaving Santa Ana at 8 p. m. leaves Los Angeles at 11:45 p. m. and arrives at Seattle at 11 a. m. the next day.

Postmaster Stephenson today had been informed whether the local schedule will be affected by the inauguration of a new night airmail service to New York which was inaugurated with elaborate ceremonies at Los Angeles last night.

## STRATEGY BOARD NAMED FOR BREA

BREA, June 21.—The committee appointed to select the board of strategy of Brea has secured the following to serve on the board: W. D. Shaffer, the Rev. Donald F. Gaylord, A. J. Barnes, L. A. Hogue, S. S. Smith, William Fanning, Cyrus Merfield, Virgil Kiger, S. L. Burgess, Mrs. J. Ellingworth, Mrs. Grace Bowie and Mrs. Lillian Barton.

## FILMS, SHOWN HERE, REVEAL MAGIC OF HOW PHONE LINKS BUSINESS OF VARIED LANDS

In discussing communication industries and their varied phases yesterday for Santa Ana Business and Professional Women's club, Dean Smith of the Telephone and Telegraph company presented an industrial program which was fully as interesting as it was instructive.

The meeting was held in Ketter's blue room which offered an excellent place for showing the motion pictures which formed a part of the program arranged by Mrs. Mildred Reinhardt of the June committee. The films portrayed the manner in which distant lands are linked with the United States by the wizardry of the telephone, and incidentally offered some of the most striking travel pictures which members of the club had seen.

These varied from the vast cattle ranges of South America to the snow fields of Norway and Sweden, including also views of Australia in which kangaroos went leaping weirdly across the landscape; Holland with its multitude of dams, dikes and windmills in both summer and winter scenes; and the urban excitements of Paris, New York City, San Francisco and other large cities.

This Exchange Unique Perhaps one of the most interesting of the reels was that devoted to the Chinese exchange in San Francisco, with over 2000 subscribers, known to the pretty Oriental operators by name and address as well as by telephone numbers. This exchange is unique in that it is the only one of its kind in the world.

Accompanying the picture was a musical record which offered native music of each country shown, as well as some of the conversation incidental to placing a between-countries call.

Mr. Smith's talk supplemented the pictures and clarified many points for the audience. Incidentally he showed and demonstrated the artificial larynx which his company has devised for the use of anyone whose larynx has been destroyed either by illness or accident, causing a loss of the power of speech. The invention, which is merely a by-product of the company's communication policies, makes it possible for the victim to talk intelligibly, each word being as clearly enunciated as though his throat were unimpaired.

Reports on Convention Mr. Smith explained that of the people who have benefited by the apparatus, a friend of his, executive in one of the oil companies, is now able to conduct all his business, even including long telephone conversations.

In addition to the program,

## Values Wrenched Back and Broken Bones at \$35,000

A wrenched back and several broken bones in addition to bruises and cuts received when he was struck by two automobiles were valued at \$35,000 today in a damage suit filed in superior court by B. E. Echols, Santa Ana builder.

Dan Thomas, civil engineer of this city, was named defendant.

Echols alleges that he was injured on the night of June 12 last while standing on the curb near the intersection of West Washington and Durant streets. According to his complaint Thomas drove his machine into a car parked at the curb with such violence that both of them knocked him to the street inflicting severe injuries.

## PINS AWARDED

BREA, June 21.—The superintendent of the Brea Congregational Sunday school, Elwood Moore, has presented pins to Leona and Virginia Ross for four years of attendance. L. Winchell received bars for six years and Marian Winchell for eight years. Mrs. Edith Ross and Mrs. L. A. Sayles received teachers' pins for a year's constant attendance at Sunday school.

## PROPOSES NEW PLAN TO SAVE COUNTIES CASH

Declaring "the time has come to take stock of our county government, examine the needs of our counties, measure their costs, and discover the leaks and inefficiencies in their present structure and operation," Dr. Milbank Johnson, chairman of the board of directors of the California Taxpayers' Association, today recommended a ten-point program for adoption by Orange county and other counties where property is overburdened with taxation.

In a statement and outline of his program announced to the United Press at Sacramento, Dr. Johnson points out that under the present system of county government there is no chief administrative officer to direct the proper coordination of county functions. This, he said, greatly reduces efficiency. He pointed out that county supervisors who in 1913 controlled more than half the total tax rate now control less than one-third.

The ten-point program Dr. Johnson proposes is a result of six years of observation and study by the California Taxpayers' Association. The program for cutting county costs follows:

1. Study the possibility of reducing the number of counties. Originally there were 27; now there are 58. Consolidations would improve services and save expenditures.
2. Plug the leaks in county purchasing. Only 22 of the 58 counties in California centralize purchases under a county agent.
3. Abolish nepotism, or the employment of relatives, by county officers as their deputies and situations. This is a matter for the state legislature.
4. Adopt a county unit system of road administration. It would save millions of dollars for the taxpayers and provide a better highway system for the counties.

5. Curb the wastes and extravagances in the present method of administering public welfare. County hospitals are better equipped than private hospitals and are easily accessible to those who try to get in.
6. Examine the law enforcement branch of county government and provide for more efficient administration of courts.
7. Eliminate the payment of county officials on the fee basis. Fees, fines and other income should be deposited with the county treasurer to the credit of the county.
8. Establish control over school budgets. Reorganize school districts into larger units, with the power of revising school budgets in the hands of an appeal board.
9. Define and prescribe local financial procedure. This must be done by the state, and should include local use of budgets, proper accounts, adequate audits, and regulation of indebtedness, contract making and special assessments.
10. Adopt the California Commission on County Home Rule's recommendation that a constitutional amendment be adopted requiring all counties to operate under one of three optional charters.

## Report On Law Changes To Be Made Sept. 30

A full report outlining proposed amendments to the uniform lien law, prevailing wage law, eight-hour day law, contractors' license law and alien labor law will be made by the labor and legislation committee of the State Builders' Exchange at a meeting of the state board of directors to be held at Stockton, September 30, it was decided at a meeting of the Southern California directors at Pasadena last Saturday.

Announcement to this effect was made today by State Secretary Frederic Sanford, who with Walter F. Sorensen, chairman of the state accident prevention committee, attended the meeting from Orange county. Discussion of these numerous laws occupied most of the time at Saturday's meeting.

## MISS LIMING, REDLANDS MAN WED IN ORANGE

ORANGE, June 21.—The home of Mr. and Mrs. George Liming, Jr., 156 North Pikey street, was the scene of a pretty wedding ceremony Sunday afternoon, when Mr. Liming's sister, Miss Musetta Liming, daughter of Mr. and Mrs. George Liming, of Redlands, former Orange residents, and Forrest Simonon, of Redlands, were married. Mr. Simonon is the son of Mr. and Mrs. J. C. Simonon, of Oregon.

The Rev. C. H. Maston, of Fallbrook, formerly of the First Baptist church of this city, read the ceremony, which was attended by 35 relatives and friends. Banked with palms and ferns, the fireplace of the home provided a background for the rites. The couple stood beneath an archway of mingled greenery and pink flowers, lighted with glowing lights in tall candelabra.

For the occasion, the bride had chosen a white chiffon frock fashioned on formal lines. With this she wore crystal beads which had been given her by Mr. Simonon and carried a shower bouquet of pastel sweet peas.

Miss Elma Ritter, of Redlands, a cousin of Miss Liming, was maid of honor. Her gown was of flowered net worn over peach silk. Willie Hulen, of Santa Ana, attended Mr. Simonon as best man.

During the reception which followed, wedding cake was served

with ice cream and other dainties, with Mrs. George Liming, Jr., presiding as hostess.

The new Mr. and Mrs. Simonon will make their home at 336 Sonora street in Redlands.

The bride was graduated from Orange Union High school in 1925 and was employed in this city for some time. She has made her home in Redlands for the past several months.

Those present were Mr. and Mrs. George Liming, Jr., and daughters, Mary Lou and Jean Marie; Mr. and Mrs. Harry Forsberg, Mr. and Mrs. Ralph Welch, Mr. and Mrs. C. E. Dooling, Mrs. Bessie Fowler, Miss Juanita Fowler, Miss Lois Burns and Miss Lois Allen, of Orange; Mr. and Mrs. W. M. Hulen, Mrs. H. Miller and Miss Laura Anderson, of Santa Ana; Miss Elma Ritter, Mrs. Laura Liming, Mr. and Mrs. George Liming and daughter, Miss Mary Catherine Liming, of Redlands.

Mr. and Mrs. Everett Bell, Mr. and Mrs. E. T. Liming and daughters, Ruth, Dorothy and Theodora, of Los Angeles; Mr. and Mrs. R. L. Gambill, of Anaheim; Mrs. Leona Village, of San Bernardino, and the Rev. and Mrs. Charles H. Maston and son, Charles Marvin, of Fallbrook.

## 125 AT DINNER

ORANGE, June 21.—With more than 125 members and friends attending, a benefit dinner was given Sunday for the parish of the Holy Family church of this city on the grounds of the J. E. Pleasants' ranch home in Williams canyon.

The chicken dinner was served under an arbor in the yard, with young people of the church serving. Mrs. Pleasants, Mrs. Joseph Holtz and Mrs. Nichols, of the Modjeska home ranch, were hostesses.

## Orange Resident Called By Death

ORANGE, June 21.—Mrs. Rebecca Jane Maxon passed away yesterday morning at her home at 451 South Cambridge street, after an illness of two weeks. Funeral arrangements are in charge of the C. W. Coffey Funeral chapel. Mrs. Maxon had been a resident of this city for the past 12 years. She was a member of the Presbyterian church and an active member of the W. C. T. U.

Surviving are three sons, John H., of Orland; Verl D., of Southgate, and Floyd B., of Laurel, Neb. The latter has been with his mother for the past few weeks. She also is survived by six grandchildren and four brothers. Interment is to be made in the Fairhaven cemetery.

## Mrs. Grace Deck Hostess At Party

ORANGE, June 21.—Members of a "500" club were pleasantly entertained recently when Mrs. Grace Deck was hostess in her home on South Pine street. Two tables of cards were in session, with Mrs. Gladys McDonald winning first prize and Mrs. Margaret Faerber, second. Mrs. Bell Barnes was consoled.

At the conclusion of the affair the hostess served delicious refreshments to Mrs. Mabel Elliott, Mrs. Anna Slater, Mrs. Bell Barnes, Mrs. Lucy Robinson, Mrs. Mary Carlson, Mrs. Margaret Fischer and Mrs. Gladys McDonald.

## OLIVE SCHOOL PUPILS STAGE PARK PICNIC

OLIVE, June 21.—St. Paul's school picnic was held at the Irvine park Sunday with a large attendance of members and friends. A splendid program, featuring George Washington in celebration of his 200th birthday, was presented by the school children under the direction of A. W. Schmid and Walter Mueller, teachers of the school.

The program consisted of the following numbers: Song, "America, My Own" by the school; recitation, "Washington's Birthday," by Billy Burd; essay on "Washington's Boyhood," written and read by Wilbur Kamrath; "The Builders," a recitation by the boys of the third and fourth grade in which they built a monument bearing the name of Washington; a song, "America, the Beautiful," by the school.

Essay, "Washington as General," written and read by Norman Schmid; "Red, White and Blue," recitation by Evelyn Timken, Norma Lemke and Helen Heinemann, followed by the song of the same title by the school; "Washington as President," an essay written and read by Robert Keldt; marching song and flag drill by the boys; "Washington as Christian," an essay written by Margaret Keldt and read by Lawrence Timken; "Father of the

Land We Love," song by the group.

The primary grades under Walter Mueller presented the story of the orange, written by the children themselves. The little folks sang the song: "The Mill at San Souci."

The program closed with a dramatic song, "The Watermelon Smiling on the Vine," by a group of boys, dressed as Negroes. The picture of George Washington, draped in the national colors, held the center of the stage.

Following the program the afternoon was given to various races for the children and adults.

The following members of the eighth grade received diplomas: Arno Buchner, Dorothy Luchau, Margaret Keldt, Norman Schmid and Fred Speich.

## Benefit Show To Be Presented At Theater Tonight

ORANGE, June 21.—Following the successful performance of Toto's Merry Marionettes this afternoon at a matinee at the Colonial theater, tonight's audience is expected to be one of the largest assembled in the theater for some time. "With Peggy in Holland," proved to be one of the most popular numbers given by the puppets this afternoon. Toby the juggler and the novelty dance acts were very pleasing to the children and adults who were present.

The marionettes are being presented by the unemployed association.

## DEATH CALLS JOE JOHNSON, PEACE OFFICER

ORANGE, June 21.—Joe E. Johnson, member of the Orange city police force for the past six years, passed away at his home at 312 South Glassell street last night after an illness which began last December.

Mr. Johnson was born February 7, 1873, and was a native of Mississippi. He was a member of the Masonic lodge of Houston, Miss., and of the Orange County Peace Officers' association.

Surviving Mr. Johnson are his widow, Mrs. Anna Laura Johnson; two sons, W. J. Johnson, of Santa Ana, and Edwin Johnson, of Orange; two daughters, Mrs. Minnie Belshe, of Huntington Beach, and Mrs. Guy Vivian, of Carthage, Mo.; six grandchildren and two brothers, J. W. Johnson, of Orange, and R. E. Johnson, of Garden Grove, and one sister, Mrs. G. E. Pope, of San Antonio, Tex. Funeral arrangements are in charge of the C. W. Coffey Funeral chapel.

# LEAP YEAR BRIDE

by Laura Lou

BROOKMAN

## BEGIN HERE TODAY

Cherry Dixon, 19 and pretty, tells her mother she is going to a club meeting but instead meets Dan Phillips, newspaper reporter with whom she is in love. Her wealthy parents do not know she is acquainted with Dan. Cherry goes with him to interview a bank robber's sweetheart. She blunders into underworld headquarters and a bullet strikes her arm. Dan takes her to a doctor's office and then home. He is trying to explain what has happened when Mr. Dixon appears. He is very angry and brandishes a newspaper containing Cherry's picture and an account of the shooting. Mr. Dixon orders Dan from the house.

Days pass in which Cherry has no word from Dan. Then Sarah, Cherry's maid, discovers that he has telephoned and been told the girl is out of town. Cherry steals out of the house, meets Dan and explains. Dan tells Cherry he loves her. NOW GO ON WITH THE STORY

## CHAPTER VII

"I can't believe it's real. Dan. I mean—everything happening the way it has. I'm afraid I'll wake up in another minute and find it's just a dream!" Phillips said. "And I can't believe you're really here. I can't believe a girl like you would even look at me."

She silenced him with gentle fingers pressed to his lips. "I've told you not to say those things! I don't want to hear them."

"But it's true, Cherry. Why everything about you—your sweetness and your coming to meet me this afternoon and—well, everything—just goes to show the difference between us. Oh, I love you for it. You know that. But, Cherry, you're wrong above me. I'm Dan Phillips, reporter—the guy your father told

never to enter his house! It's well, don't you see, dear?"

"Don't I see what?"

"That if things were different I could say a lot of things I can't now? Your father's a rich man. All your life you've lived in a fine home with lots of servants. You've worn beautiful clothes and traveled and all your friends have been rich people."

"But Dan, what difference does that make?"

"If I live to be 90," Phillips went on, "I'll have a fourth of the money your father has. I couldn't give you any of the things you're accustomed to, Cherry. Do you know how I think of you?"

"How?"

"As a beautiful princess who's as sweet and wonderful as she is beautiful. That's what you are! A princess!"

Cherry shrugged uncomfortably. "I don't want to be a princess," she said. "It sounds lonely. Oh, Dan, let's not talk. Let's just be happy together."

She put a small hand over Dan's larger one. The dark eyes she raised were luminous.

"All right," Dan agreed. "It's a remarkable fact but every time I look at you you're prettier. Isn't that remarkable? How do you account for it?"

"By telling you to see an oculist," they laughed. Familiar jokes seemed suddenly the height of sparkling wit. The cab was rolling along the smooth circling drive through Jefferson park. For a time

they fell silent. There was so much they should have talked about, yet all this was forgotten. How could anything in the world go wrong for Cherry again so long as Dan loved her? How could Dan Phillips be matter-of-fact with those brown eyes and provocative lips so near?

Suddenly their elysium was shattered. Phillips said abruptly: "Look here, there isn't going to be any trouble about your coming to meet me this afternoon, is there? Do you think your family—"

She assured him everything would be all right. No one knew she had left the house. She would be back before her absence had been noticed.

"What time is it?" Cherry asked. The sun had lowered behind the tree tops. Phillips turned his wrist so that the girl could see the watch dial.

"After five!" she exclaimed. "Oh, I'll have to get back. Why, I'd no idea it was so late—"

The driver headed the taxicab toward Sherwood Heights. Resolutely Cherry thrust aside misgivings that had begun to force themselves on her consciousness. There would be just time to fling on another dress and appear at dinner. Sarah would help her. If she entered the living room at the usual time no one would suspect she had been out of the house.

"Oh, of course it would be all right!" These last minutes with Dan were too precious to waste on foolish preliminaries. "You do understand about everything now, don't you?" she whispered. "That it wasn't my fault I didn't answer your phone call?"

"I don't understand anything when you look up at me that way," "But, Dan—"

"Darling, I'll admit I was an idiot to doubt you even for a minute. I'll

never do it again. Do you really have to go back to that stone castle of yours right away? Isn't there any way in the world you could escape and have dinner with me? Why not telephone—"

"Oh, I couldn't! Don't you see, no one knows I'm away. I don't want them to find out."

"But, Cherry, we'll have to find some way out of all this. How're we ever going to see each other if you have to run away like Cinderella at the stroke of midnight? Something's got to be done. Maybe if I had a talk with your father—"

"Don't do that, Dan. It wouldn't do any good. We'll manage some way, though. I'm so happy about finding you and knowing you care. I'm just certain everything's going to be all right!"

"Just the same, Cherry—"

"Please! I tell you everything's going to be all right."

"Can I call you tomorrow?"

"No, I'd better call you. Sometimes between two and three in the afternoon. If you're not in I'll leave a message."

"I'll be thinking about you—every minute."

"I'll be thinking about you, too!" Precious moments. Ecstasy to be treasured and relived again and again in memory.

The cab topped a block from the Dixon home. It was time to go. Phillips' lips formed the words but they were crushed against Dan's. His arm tightened about the girl. Realization that they were leaving one another suddenly became a cruelty not to be endured.

"I must go now, Dan. I must!" She spoke the words but still she hesitated. Shyly the girl took Phillips' face between her two hands, lightly and swiftly placed a kiss on his forehead, then drew away.

She was outside the cab now,

smiling back at him. "Tomorrow—remember I'll call."

Dan Phillips, alone in the gloom of the taxicab, told the driver to turn around and head for town. He leaned back against the seat. Suddenly his eyes lighted on the cab meter.

Phillips whistled softly, made a quick search of his pockets. "Hey, buddy," he said to the driver. "Let me out at the next corner, will you?"

There was 25 cents in Dan Phillips' pocket after he had paid the fare. He walked four blocks, boarded a street car and rode to the News building.

Cherry slipped through the hedge, crossed the garden and reached the side door of the house. Glancing quickly over her shoulder she turned the knob and entered.

There was no one in sight. Noiselessly Cherry mounted the rear staircase. She had almost reached her room when she heard a door open. Panicked, the girl turned.

It was only Sarah!

The woman came bustling forward. "Wherever have you been?" she demanded in a smothered voice.

"Do you know what time it is?" Cherry turned a dazzling smile upon her. "Come and help me, Sarah. I'll tell you all about it!"

What she had to tell, however, waited until later. Dinner in the Dixon household was served punctually at 6:15. It was five minutes after six by the gold clock on Cherry's dressing table. As the girl flung off her coat and street dress Sarah extracted a needle from the gown from her hanger. Frantically Cherry pulled the gown over her head, stepped into black pumps and ran a comb through her rumpled hair.

"I'll have to do," she murmured as she made for the door. There were bright spots in each of Cherry's cheeks as she hurried down the stairs.

Her father stood with his back toward her, looking through a window. Her mother was busy over a square of needle-point. Thank fortune, she was in time.

Cherry said, "Good evening, Mother," as she came forward. At the sound Walter Dixon turned.

"Well," he said to the girl, "you seem to be feeling better this evening."

She was surprised, off her guard. "Why—yes, I do feel better."

Dixon moved nearer. He eyed the girl critically. "Still I'm not satisfied," he said. "Not at all satisfied with your health. I've a little surprise for you, Cherry. You and your mother are leaving for California tomorrow."

Cherry's face had whitened. Appealingly she turned to her mother. "Please, Mother," she begged. "I don't want to go away now. Why, I don't need a trip anywhere. I'm perfectly well!"

"Not a word. It's settled. I've ordered the tickets."

"But, Father, I don't want to go to California!"

"Just the same you're going. I tell you I've arranged everything."

The girl's face had whitened. Appealingly she turned to her mother. "Please, Mother," she begged. "I don't want to go away now. Why, I don't need a trip anywhere. I'm perfectly well!"

Dixon's voice cut in. "You will do as I say!" he told the girl warningly. "Suppose I tell you that I saw you this afternoon in a taxicab on Sixth street. Suppose I tell you you were with! You had my instructions that you were not to see that scoundrel again, yet you deliberately disobeyed! Deliberately broke your word! Well, I'll see you don't have a second chance to break it. You're going to California—"

"I didn't break my word!" the girl denied angrily. "And Dan isn't a scoundrel!"

"Silence!"

Suddenly the girl threw her head back. "I won't be silent!" she cried. "You've bullied everyone in this house as long as I can remember but now I'm going to talk. You're not going to send me to California because I won't go! Do you hear that—I won't go! And there's no use telling me I can't see Dan Phillips because I'm going to see him. Just as often and whenever I want to—"

"Cherry, you don't know what

you're saying!" Mrs. Dixon's voice was horror-stricken.

"Oh, yes I do," the girl insisted. She turned blazing eyes on both parents. "I know how you and father told the servants to lie and tried to keep Dan away from me. Well, I love Dan Phillips. Yes, and I'm going to marry him!"

"Cherry!"

The mother's protest was drowned by Walter Dixon's roar. "You'll apologize for what you've said, young woman, or you'll leave this house!"

For an instant father and daughter eyed each other. Then with a little cry Cherry turned. "I'll never apologize!" she flung over her shoulder. "I'm going away!"

## VOCALIST AND ORGANIST FOR KREG PROGRAM

Two outstanding programs are to be presented tonight over radio KREG. At 5:30 p. m. Erma Baxter will present her daily program of "Songs of Yesterday," featuring songs that will live forever in the hearts of music lovers. At 5:45 p. m., the studio will present, by electrical recording, Jesse Crawford, one of the world's most popular organists in a recital.

Crawford will include in his recital three favorites: "When the Organ Played at Twilight," "So

Beats My Heart for You," and "Just a Little While," and others. Later in the evening, at 8:45 p. m., Carlos Molina and His Coconut Grove orchestra will be on the air by electrical transcription with a program of popular dance music. These nightly concerts, sponsored by the Gray-Gone company, are rapidly becoming one of the most popular of KREG's daily broadcast features.

At 7:15 Don Dearth, Santa Ana ukulele teacher, will be on the air for 15 minutes with another of his delightfully unique programs.

## SUNSHINE CLUB TO OFFER NEW ARTISTS

A group of new artists in addition to several of the old favorites on this program will be heard tonight on the Sunshine Music club presentation scheduled for 8 o'clock. Mrs. Grace Dennison Schaffer, concert pianist, will be featured playing the new Spanish fantasia "Nena," by Pietro A. Yon.

Artists who will take part in tonight's presentation are: Clayton Kauffman, violinist; Miss Lois Dunham, reader; Mrs. Taylor Jacobsen, soprano; and "Sunshine and Sunny."

## KREG NOTES

Mexico, like a lot of other places, laughs at Hollywood, according to "A. P. Pingleton" of the Hollywood Keyhole program. That, however, just proves that Mexico, as a nation, has a well sense of humor. Tonight the program will be devoted to such intimacies as a discussion of Jimmie Durante's "schoozle," or nose if one must be vulgar to be understood.

Tomorrow morning Mary Burke King will discuss "Dr. Kerkhoven" on the book review program. This book has been heralded as a great novel and together with "Alexanderplatz, Berlin" is taken as an outstanding example of what is going on in literary Germany today.

Tonight the studio will present the first of a series of "Jasper Junction" presentations featuring "Cy Perkins" and "Useless S. Lee." In a real comedy skit, these presentations will be presented every Tuesday, Thursday and Saturday night at 8:30.

Security Benefit Association will hold a box social Thursday, June 23 in the Modern Woodmen Hall at 8 o'clock. All ladies are asked to bring a box—Adv.

## PLAY REQUESTS ON CLASSIC PROGRAM

Tonight's presentation of selected classics has been arranged for the purpose of presenting a group of request numbers. The program is scheduled for presentation by electrical recording during the dinner hour, starting at 6 o'clock.

The symphonic poem "Finlandia," by Sibelius, will be played during the broadcast by the Royal Albert Hall orchestra. Other features of the program will be Elly Ney playing Liszt's "Hungarian Rhapsody No. 8" as a piano solo, and Chopin's "Etude." Marion Talley will sing "Caro Nome" from the first act of Rigoletti, by Verdi.

## FEDERAL PRISONERS GIVEN CELLS HERE

Forty-three more "customers" were given accommodations at the county jail Saturday afternoon when Federal officers booked the 43 Chinese at the local jail on charges of illegal entry to this country, according to records on file at the jail.

The prisoners will be held for 30 days and will then be deported, according to jail officials. Most of the prisoners were brought here from the vicinity of San Diego.

## TICKETS GO ON SALE FOR SHOW TO AID NEEDY

Tickets were on sale today for the marionette show to be staged under the auspices of the Unemployed Association of Santa Ana at the Ebell auditorium Friday, June 24. It was announced today by R. J. Rogers, chairman of the entertainment committee of the association, that the tickets can be obtained at

## Giant Taxes Capacity Of Jail Cell

Said to be the largest prisoner ever confined in the Laguna Beach jail, D. M. Rouse, 30, of Orange, was arrested early yesterday morning by Constable George Bartley, charged with passing a check with insufficient funds in the bank. Rouse weighs 300 pounds and is 6-2 feet in height.

The Santa Ana Book store, Stein's Stationery store and at the Unemployment headquarters in the old Frances Willard school building at Tenth and Main streets. Posters advertising the benefit performance have been placed in many of the downtown business houses. Students in grade schools in the city cooperated with the Unemployed Association in making the colored posters. Winners of a contest sponsored by the unemployed group among school children of the city were awarded free tickets to the performances, which will be given at 2:30 p. m. and 7:30 p. m.

Toto's Merry Marionettes will be featured in the performances, proceeds of which will go to aid members of the unemployed group. The unusual marionette organization has played before 40,000 people since the first of the year, has played in many of the largest cities of the Southland, in churches, school and business houses. The program included a three-act marionette travesty which is said to be unrivaled for entertainment.

## YOUNG CIANFONI WINS HIGHEST MUSIC HONORS

Orest Cianfoni, son of Professor and Mrs. D. C. Cianfoni of this city, has just ended his junior year at the College of Music at the University of Southern California with a marked degree of success. His father, Professor Cianfoni, is director of the Santa Ana Municipal band and the Santa Ana Symphony Orchestra. Prominent among his attainments at the university, young Mr. Cianfoni has recently been awarded the Arne Oldberg Scholarship in composition. The contest held for the award is open to all professionals and amateurs in the field of musical composition throughout the United States. The five best compositions were selected by the scholarship committee and then submitted to Dr. Oldberg, who in turn selected the best of the five.

Dr. Oldberg is a well-known American composer, having won the Hollywood Bowl contest for the prize composition for 1931. Besides his work in the field of composition, Dr. Oldberg is professor of composition at Northwestern University at Evanston, Illinois.

To Study This Summer The winning of this scholarship by Mr. Cianfoni entitles him to a summer's study in composition under this eminent professor and composer who is brought each year to the University of Southern California. His composition which won the award was a piano number entitled, "Desert Night."

Another honor conferred upon Mr. Cianfoni at the university this year was his winning of the Annual Apollad contest in the field of musical composition. This contest is held each year to discover the best creative talent in the diverse fine arts and is open to all university students. The works which are judged the best are presented on a formal evening program, this year held on May 14th. To this program are invited the outstanding professional people in the field of fine arts. Mr. Cianfoni's compositions which were judged the best are entitled, "Three Miniature Sketches for Piano." This promising young man is also a member of the local band.

A Santa Ana Product Prior to entering the University of Southern California, Mr. Cianfoni graduated in harmony and composition from the Santa Ana Conservatory of Music, at which school his father is the director and under whom he studied piano also. At the University of Southern California he is studying harmony with Miss Mabel Woodworth of the College of Music; also piano with Florence New-

## M. OREST CIANFONI

Rising Young Santa Ana musical genius whose compositions bring him high honors at the University of Southern California.

Kirk of the College of Music and Santa Ana Conservatory of Music faculties.

Added to his musical skill is Mr. Cianfoni's ability in art. For a period of three years he studied at the Otis Art Institute in Los Angeles, where he achieved considerable note for his work in stagecraft and commercial design. Upon his graduation from the University of Southern California in June of 1932, he plans to return for further work toward his master's degree.

## Police News

Charged with possession of intoxicating liquor, Paul Obledo, 25, 105 Grand avenue, was arrested by Officers Lentz and Fritchard at 5:30 o'clock Saturday afternoon. The man was alleged to have been transporting beer at the time of his arrest.

Paul Brandenburg, 22, 224 North Sycamore street, was being held for superior court today. He was arrested in Olive Saturday afternoon by Deputy Sheriff Perry and Humiston on a drunk charge, according to records on file at the sheriff's office. Brandenburg is said to be an old liquor offender and is being held for the superior court for disposition of his case.

Jesus Herarra, 24, of Placentia, was lodged in the county jail late Saturday afternoon by Chief of Police Barnes of Placentia. He is being held on a drunk charge.

Two bicycles were reported stolen in Santa Ana over the week end, according to records on file at the police station. A bicycle belonging to Albert Vandervulker, 1145 South Flower street, valued at \$25, was stolen from the garage of the home last night but was recovered later by police. Another bicycle, belonging to Calvin Waggoner, 1524 North Broadway, valued at \$6, which was stolen from in front of Walker's State theater late Saturday afternoon, has not yet been recovered.

Two young girls, Robert Knopp, 11, and Beatrice Knopp, 9, were taken to their home in Westminster by police officers after midnight Saturday night when they were found seeking their mother, who they told police, had been in a local dance hall Saturday night but had left before the dance was over. The dance hall was closed while the mother was gone and the girls did not know where to find her, the report at the police station stated.

Groceries valued at \$6 were stolen from a car belonging to Mrs. M. L. Valenzuela, of Orange, while the car was parked between Fourth and Fifth street on Spurgeon street Saturday night, according to a report filed at the police station.

Police just missed capturing thieves who were attempting to steal gasoline from a car belonging to M. R. Lindsay while it was parked at the corner of Third and Lacy streets Saturday night. Police officers who investigated the report found a five-gallon can nearly full of gasoline near the car which had been stolen from the car.

## CITY BAND IS THREATENED IN BUDGET SLASH

The axe which will be used to slash the city budget this year hung over the Santa Ana Municipal band last night when for the first time an open discussion of ways and means of reducing costs of presenting band concerts in the city were discussed at the regular meeting of the city council last night in the city hall.

Mayor Paul Witmer came out emphatically in a statement that a public hearing for further discussion of the matter should be held.

As a result of tentative plans which are under consideration by the council, the city band may have to operate with as little as \$2000 or \$3000 in the future, according to members of the council. A number of meetings have been held in the city recently to discuss the band problem pro and con, according to a statement made by Mayor Witmer.

There must be a reduction in the budget this year, Mayor Paul Witmer declared at the council meeting last night while the matter was under consideration. The budget must be ready by July 1, the end of the city fiscal year.

Around \$5000 is set aside in a special fund by the city each year for the band expenses. It was pointed out that it costs about \$500 for each of the ten concerts which are presented in Birch park during the summer. It was estimated the costs were about 50 cents a head, as an average of 1000 persons attend the concerts.

D. C. Cianfoni, director of the band, who receives a salary of \$400 a month, declared today that in the interests of civic economy he was willing to take a reduction in his pay.

## Court Notes

Mrs. Mary Cox Emerson has filed a petition seeking appointment as administratrix for the estate of her mother, Mrs. Sara Cox, who died intestate June 8, last, in Los Angeles. The estate is valued at approximately \$40,000 and consists of Santa Ana real estate worth \$10,000 and stocks and bonds worth \$30,000. Heirs named in the petition, in addition to the petitioner who lives in Santa Ana are: Blaine Cox, a son, also living in this city and R. B. Cox, a son, living in Los Angeles.

# Now All Will Pay Uncle Sam For Writing Checks

## NEW TAX PUTS BANKERS TO A NEW TROUBLE

When Santa Ana banks opened their doors for business this morning they took on a new job that will last until July 1, 1934—collecting a two-cent tax on every check written on their depositors' accounts and estimated to bring a revenue of \$400 per month for Uncle Sam.

There are no stamps to be affixed to checks. The banker is charged with the duty of collecting this tax and the depositor has nothing to do with it but look at his balance sheet at the end of the month and see how much he has paid for the simple process of deductions made by the banker.

Under former check tax laws stamps were provided. Eliminating the stamp and putting the whole responsibility on the banker was another economy dodge thought out by budget balancers at Washington. It costs money to print and distribute stamps.

Check Cashes is Exempt

Under the check tax law only the maker or drawer of the check is taxed. The man who cashes the check will not be required to pay.

Various methods for collection of the check tax have been worked out by companies in the bankers supply business, most of them entailing use of a form for each depositor's account to be filled out by the bankers at the end of each month. This form would list the number of checks issued by the depositor and the amount of tax paid by the banker to the collector of internal revenue. Many banks will no doubt use this form which entails a great amount of extra clerical work.

But the cleverest plan, one adopted by the Commercial National and the First National of Santa Ana and the Garden Grove bank was worked out by a former representative of a leading manufacturing machine company which manufactures bookkeeping machines used in most banks.

No longer employed by the adding machine company this young man came into the Commercial National bank last week with his idea. It was promptly adopted and will probably not be used by any other bank unless someone puts them wise.

Plan Boasts Simplicity

This plan involves only a few minor changes on bookkeeping machines, one to put check descriptions and one for a new stop. The result is that as each check transaction goes through the bookkeeping machines on individual ledger sheets the tax is noted and the new daily balance, including the tax deductions, brought forward. At the end of the month all the banker has to do is look at his individual ledger accounts and he has his tax report ready without any extra bookkeeping. It does away with all forms and slips to be counted at the end of the month, all counting of checks, and has the additional advantage of allowing the banker to know exactly the condition of any account during the month in case it is being closed out, according to A. L. Mellenthin of the Commercial National bank.

The tax is collectable on all checks, drafts, or orders for payment of money, drawn upon any bank, banker or trust company.

They will leave tomorrow afternoon for Chicago.

## NEWSPAPERS OF 1865 TELL OF LINCOLN'S SLAYING AND CALIFORNIA'S 'POVERTY'

A bundle of old newspapers yellow with age, broken, their edges tattered with much handling and black with turned column rules, was brought to the Register office today.

Hard to read with their seven-point hand-set type and difficult style of makeup, their columns vividly portray the drama of a tragedy which gripped a nation still in the pangs of civil war 67 years ago when Wilkes Booth shot and killed President Lincoln and an accomplice attempted to assassinate a member of his cabinet.

In the years that have rolled by that famous old Harpers Bazaar showing Civil War battlefields scenes which were still hot news when the pages were printed. Of greater interest to Southern California, however, is a copy of the Steamer Bulletin published at San Francisco, June 13, 1865. On the first page of this eight-page paper is a correspondent's letter telling of a trip through Southern California. Over a subhead reading "natural poverty of the country" this correspondent says, "I think that the scheme of colonizing and mining in Lower California, which has occasioned so much space in the public papers, is a great humbug, principally intended to put money in the pockets of directors and getters-up at the expense of the poor unfortunate who may be so unlucky as to swallow the bait. I know from observation that all the public lands of this territory are perfectly worthless, unless water can be obtained in abundance by means of artesian wells, and thus far I have no knowledge of such a well in this territory. There is no timber in the whole territory so that everything of the kind will have to be transported from San Francisco. Let no man invest a dollar in the promised land until he can judge for himself."

Fortunately men did invest and colonize. They are getting water too, not from artesian wells, but from the Colorado river at a cost of hundreds of millions of dollars. The pioneer was certainly daring and brave, but there were things of which he never dreamed that his descendants would have to accomplish today. Brave men are not all dead.

### FIREMEN PICNIC

FULLERTON, June 21.—Fire Chief Roy Davis and Mrs. Davis, with their son, Wesley, and W. B. Potter attended the meeting of firemen's associations of the Harbor district, San Gabriel, Orange county, Citrus Belt and San Diego, at Escondido Sunday.

In the same manner the Herald says, "Important! Assassination of President Lincoln. The president shot at the theater last evening. Secretary Seward daggered in his bed but not mortally wounded. Clarence and Frederick Seward badly hurt. Escape of the assassin. Intense excitement in Washington. Scene at the deathbed of Mr. Lincoln. J. Wilkes Booth, the actor, the alleged assassin of the president, etc." Then follows numerous disjointed telegrams from Washington. After three and one-half columns of these telegrams which begin with the shooting at the Ford theater there is another near the bottom of the page in column four which says "Abraham Lincoln died this morning at 22 minutes past 7 o'clock." How newspaper making has changed!

Subsequent issues tell of the capture of the assassins, the intense excitement and sorrow through the nation, and the funeral procession from Washington to Springfield, Illinois, with stops in between where the president's body was taken from the train and lay in state in principal cities. In addition to these historic newspapers from the east there are included in the bundle of old papers four full page pictures reproduced from wood cuts from

## COUNTY RISES TO MEET FALL OF WATER LINE

Water and the source of water has been a subject of vital importance to Santa Ana for many years. This fact became increasingly evident when the city voted solidly to become a member of the Metropolitan Water District and agreed to take on the burden of paying for its share of the bonds to provide money to bring water here from the Colorado river.

The underground water supply has been receding during the past years at an alarming rate, according to water authorities. The source of Santa Ana's domestic water supply is the underground basin of the Santa Ana river. The city pumps from seven deep wells varying in depth from 150 to 1142 feet. One additional new well is being drilled at the present time to a probable depth of 940 feet.

These water wells are located as follows: at Bristol street and Santiago creek, at Sixth and Flower streets, the new well at Sixth and Olive streets, at Walnut street a short distance west of Flower and the balance on the water works property at First and Flower streets.

The water which is used each day in the city is lifted by centrifugal pumps from depths varying from 101 to 133 feet below the surface of the ground and forced into the distribution system by booster pumps which maintain proper pressure in the system and force the water in excess of the amount used during the day into the million-gallon tank at Fourteenth and Poinsettia streets, from where the water flows back into the mains by gravity according to the demand.

The distribution mains are all cast iron pipe and vary in size from 20 inches down to four inches in diameter and comprise a network of 108 miles of pipe. From time to time the system is strengthened by the addition of large sized connections between the principal large mains. In this manner fire protection is increased as well as giving better pressure to the small mains. Maps in the water superintendent's office in the city hall show locations of all mains, valves and fire hydrants.

The quantity of water pumped in the city varies widely according to the weather condition. In the summer months during the hot days the maximum demand takes place and during these days the consumption rises up in excess of eight million gallons a day, while the average daily consumption is about three and a half million gallons. The minimum demand occurs in the rainy weather season during the winter when the consumption drops to approximately one-half the average amount used daily. While minimum consumption is interesting from the standpoint of comparison, the important factor is the maximum demand because it is the maximum which the system has to be prepared to care for.

## Doctor's Machine Damaged In Crash

SAN CLEMENTE, June 21.—Dr. Francis O'Neill parked his car before the San Clemente Community hospital. A fog crept over the state highway. A few minutes later the doctor heard a crash. Investigation revealed that a car going north had hit his machine, forcing it over the curb and it broke down a large tree. Car and tree received the only damage. Commissioner of Streets O. R. Robertson is now trying to find out if insurance on the cars will cover a new tree for the city.

## The Sick are Imposed Upon!

You don't have to stand for it!

A patient said the other day, "Why, sickness is just an imposition these days; a handicap that no one should stand for with a Radionic Instrument here that can be used at such reasonable cost!"

And we think that viewpoint is good. If you were CONVINCED that the Radionic Instrument's treatments would make you well, then you ARE allowing sickness to be an imposition every moment that you defer Radionic treatment.

Of course, you may not believe that you are being imposed upon—but our appointment book is growing larger EVERY DAY with names of people who could tell you enthusiastically of RESTORED HEALTH if you cared to investigate!

## RAISE IN RATE PUTS BOYS TO LICKIN' STAMPS

There is a big licking job on at the Santa Ana post office. It started this week and must be completed by July 6 when the new high postal rates become effective.

The job is to lick 100,000 one-cent stamps and paste them on 100,000 envelopes which now carry two-cent stamps and to lick 5000 more three-cent stamps and paste them on that many air-mail envelopes carrying the current five-cent stamp. The stamped envelopes are surplus stock which will be carried over into the period of higher rates.

On July 6 letter mail must carry

three-cent stamps and air-mail eight-cent stamps.

In preparation for this event, Postmaster Terry Stephenson has ordered 400,000 of the new three-cent stamps which with supplies of two and one-cent stamps on hand to be used up is expected to be a six-month supply.

The new rates do not involve the ordinary one-cent post-card or picture post-cards which tourists delight to send the folks back home. They will still go for one cent.

No information has been received as to how the new convenient stamp books will be sold, now cost 25 cents and a book of 24 costs 49 cents. Whether the new books will contain eight and 16 three-cent stamps and sell for the same price or whether they will contain 12 and 24 three-cent stamps and sell for 37 and 73 cents is the question.

In preparation for the new rate schedule, all orders of special request envelopes are now being printed with the three-cent stamp.

## 20-30 CLUB TO HOLD ELECTION HERE TONIGHT

Election of officers to serve for the ensuing term will be the feature of this regular weekly meeting of the Santa Ana Twenty-Three club which is scheduled to be held at Kerner's cafe tonight, it was announced today by George Bradley, secretary of the club. The meeting will begin with a dinner to be served at 6:30 o'clock.

Leland Pinley, one of the oldest active members of the young man's service club here, is opposed for election as president of the club since Hubert Gahroz has declined the nomination, it was announced. Both men were

nominated at the last meeting of the club.

Dr. Horace Leeling and Richard Drew have been nominated for first vice president. Dr. Herbert Sirochheim and George Bradley, present secretary, were nominated for second vice president. LeRoy Burns is unopposed in the election for the secretarial position, as is Charles Frazier for the position of treasurer. Ray Fisher, John Knox and Lyman Farwell will compete for sergeant-at-arms.

A social meeting which was to have been held at the home of Charles Frazier has been postponed indefinitely.

Ray Fisher, president of the club, will preside over the meeting until the new officers are seated.

## S. A. Girl Graduates, Reveals Engagement In One Week End

Last week end was distinguished for Miss Grace Haskell, daughter of Mr. and Mrs. M. D. Haskell of 314 East Santa Clara avenue, by two important events; her graduation from the California Christian college in Los Angeles, on Friday, and the announcement of her engagement to Howard Fay of Riverside, the evening before commencement. No date has been set for the ceremony.

News of the betrothal was revealed at a tea given in the Beta Chi society house, where Miss Haskell is a member. Both Miss Haskell and her fiancé were members of the senior class graduating the following day, the Santa Ana girl as a religious education major, and Mr. Fay as a physical education candidate. Both also were prominent in college activities, Miss Haskell having held the presidency of the Women's Athletic association, and secretaries in the senior class, the student store and the college Y. W. C. A., while her fiancé was president of the senior class.

Miss Haskell, who entered college following graduation from Santa Ana high school and junior college, will remain in Santa Ana during the summer months. Mr. Fay, the son of Mr. and Mrs. C. H. Fay of Riverside, is a graduate of the high school and junior college of that city. He plans to enroll for the summer course at U. S. C. in order to complete work necessary to enable him to teach physical education.

A group of 16 Santa Anans motored to Los Angeles Friday to attend Miss Haskell's commencement. The entire party remaining for the banquet started that evening by the seniors, at which time a program of music and addresses was heard. Eight ministers were ordained at the earlier exercises.

Those making the trip were Messrs. and Mesdames M. D. Haskell, A. W. Gerrard, Andrew Hansler, T. D. Knights, George Allison, and the Rev. and Mrs. Walter Scott Buchanan; Mesdames Maria L. Harris, Louise Edgar, L. D. Rasmacher and F. M. Gies.

## Chiropractic Auxiliary Hears of Convention

Mr. and Mrs. C. E. Carlson, 1207 South Van Ness avenue, entertained the Chiropractic auxiliary, a daymen's organization, last Thursday night at its regular meeting.

Following the business meeting, interesting reports from Drs. James and Estelle Workman, Mrs. J. L. Reynolds, and Miss Evelyn Scherbert, were given concerning the Chiropractic convention and clinic held in Santa Barbara recently. Dr. B. J. Palmer, president of the Palmer School of Chiropractic at Davenport, Iowa, attended the convention and conducted a class. Two other men from the Palmer school also were at the sessions. Dr. Ladde Heath, instructor of neuromuscular department, and Dr. Ray Richardson, X-ray technician.

A delightful social evening was enjoyed, with a musical program and several movies as the entertainment program. And finally the evening was climaxed with the serving of refreshments. Assisting the hostess were Mrs. Mabel Reed, Mrs. J. L. Reynolds, and Dr. Estelle Workman.

Those present were Drs. James and Estelle Workman, Kenneth Workman, Mr. and Mrs. M. J. P. Hill, Dorothy, Hazel and Chester Hill, Mrs. O. A. Harmon, Evelyn Harmon, Mr. and Mrs. J. L. Reynolds, Mrs. F. M. Holliday, Mrs. Mabel Reed, Miss Evelyn Scherbert, Miss Billie Wieland, and John and Carl Carlson.

## Card Club Holds Last Pre-Vacation Meeting

Saturday Night club members made their final season's gathering in the Preston Gatchell home at 722 Orange avenue, this week end, an event of more than usual festivity since it marked the club's last get-together before its members scattered on vacation. Bridge, as on past occasions, diverted guests during the early part of the evening, rewards at this contest being claimed by Mrs. Catherine Herr and Jess Gubi, who scored high in their respective fields, and by Miss Pearl Hayes and S. D. Teel, whose tallies were low.

Invited to the lovely effect attained by their hostess, who had appointed a long table with dollies and napkins of various pastel tints, and with four green tapers in pink holders. Other table ornaments in matching tones were of pale green, pink and yellow.

Guests of Mr. and Mrs. Gatchell on this occasion were Messrs. and Mesdames Jess Gubi, George Friend, S. D. Teel, Miss Pearl Hayes and Mrs. Catherine Herr, of Santa Ana, and Mr. and Mrs. Edward Craig of Brea. Mr. and Mrs. Frank Shiner and Mr. and Mrs. Schuyler Bigelow, club members, were unable to be present because of the illness of Mrs. Bigelow and Mr. Shiner.

## Bridge Luncheon Given In Hilltop Home on Lemon Heights

In entertaining at a bridge luncheon Saturday afternoon, Mrs. Fred W. May welcomed her guests to her lovely home on Lemon Heights. Here many bouquets of gladioli and other season flowers had been arranged to enhance the home's attractions.

Guests were seated at prettily appointed tables for the serving of the luncheon menu. Bright-hued little pottery jars holding modernistic flowers were employed as centerpiece, and later were awarded as table prizes in the card game of bridge. The afternoon, Miss Gretchen Clark, a cousin of Mrs. May, assisted in serving.

Those fortunate in winning the attractive awards were Mrs. John Lucian Wehrly, Mrs. John Phipps, Mrs. Henry Walker, Mrs. Joel Ogle, Miss Margaret Rawlings and Miss Anne Tarver, who held high scores at their individual tables. Those present were Mesdames Robert Fernandez, Leland Finley, James Utt, Dee Cook, Joel Ogle, Ralph Roper, John Phipps, Henry Walker, John Lucian Wehrly, Jo Harless, Hans Wagner, William Hawley, Lawrence Fricker, Rollo McCalla, and the Misses Martha McPeak, Marjorie Rawlings, Virginia Berry, Anne Tarver, Alyce Majors, Gretchen Clark, of this city; Miss Lillian Severon of Huntington Beach; Mrs. Lawrence Mitchell, Fullerton, and Mrs. Ruth Wagner, Placentia, and the hostess Mrs. May.

## Jesse Albright Home Scene of Reunion On Anniversary

Sunday was an occasion for special celebration in the Jesse Albright home, 718 South Syon, more street, since it marked the 26th wedding anniversary of Mr. and Mrs. Albright, an event which they were privileged to share with their son and his wife, Mr. and Mrs. Harold Albright, of Berkeley, who arrived only last week with their daughter, Barbara Jean, for a month's visit.

A four course chicken dinner, prepared as a feature of observance, was enjoyed by the family group of five, this number being increased later in the afternoon when Mrs. Jesse Albright's brother, Lewis T. Abell of Los Angeles, and his wife and daughter, Alma Louise, arrived with a cousin, Miss Claudia Abell of Elgin, Ill., to spend the remainder of the afternoon and evening with the Santa Ana couple. Miss Claudia Abell, who is a teacher of arts in Elgin, is spending the summer on the coast for the purpose of taking special work in one of the California universities before returning next fall. The arrival of the Los Angeles visitors called for additional celebration and a buffet supper was served later in the day, when the new guests were afforded opportunity to congratulate their hosts. Many bouquets and gifts, sent the couple by relatives and friends, lent added festivity to this hour.

## Beta Gamma Society Has Final Meeting Of Year

Holding their final meeting Friday, in order that alumni returning home from college might be present, members of Beta Gamma met at the beach home of Miss Saragrace Frampton, near Balboa bay, for an afternoon of frolic. Swimming and beach sports occupied the afternoon hours, and a delectable potluck supper was served at 6 o'clock. The remainder of the evening was spent at cards or strolls on the beach, while some attended the dance at the Rendezvous ballroom.

Those present included the Misses Saragrace Frampton, Catherine Walbridge, Goldie Peale, Elizabeth Rinkler, Marion Parsons, Velma Bishop, Dulecia Green, and Messrs. Bill Reinhardt, Wayne Finn, Warren Schutz, Duncun Harpole, Gene Hall, George Griffith, Martin Bowman, Ray Gleener, John "Sky" Dunlap, Lewis Bates, and the advisers, Mr. and Mrs. John Tessenman.

## Santa Ana Pianist is Featured Artist on L. A. Program

There were many Santa Ana musicians and music lovers that made a special trip in to Los Angeles last night, that they might hear the piano program presented by Earl Fraser, brilliant Santa Ana interpreter of the modernists in music, and guest artist for the Los Angeles Music Teachers' association.

The program was given in the Friday Morning clubhouse, with Mr. Fraser as the sole artist introduced. Everyone agreed that his was a notable achievement in every particular, including in addition to his skill of interpretation, the prodigious feat of memorizing a program that consumed almost two hours.

Russian, French and American modernists were included, with some 18 Scriabin numbers played, the notable "Sometime Transatlantic" by Tanenman, and finally the Roy Harris Sonata, one of the most difficult, technically, of all modern compositions, so difficult in fact, that the Santa Ana pianist is the only musician of the west who has added it to his repertory.

The host organization was so enthusiastic in regard to the masterly playing of the Santa Ana artist, that he had been asked to represent the association at the state convention in Riverside next month.

Among those from this city attending last night's recital were Mr. and Mrs. Leon Eckles, Miss Lella Watson, Ione Tunison Peak, Ollime Enlow Mathews, Cecyle Fross Wilhite, Miss Ruth Armstrong, and Dudley Palmer Harper. Alois Bohnen, San Diego artist who is well known here, came up expressly for the program, and Miss Mabel Woodruff of Garden Grove, herself a composer of no mean ability, was another well known Orange county musician present.

## To Feature Modernists At Lecture Recital

Completing a course of seven lecture recitals on the general theme of "The Golden Age of Piano Music," Ione Tunison Peak will present her final recital program tomorrow night at 8 o'clock in her home studio, 1612 North Broadway.

Illustrating the development of piano music over the past 400 years, Mrs. Peak has made her lecture recitals extremely instructive to her audiences, in addition to providing them with musical programs of unusual beauty and cultural value. For while dwelling, in her informal talks, on the history and characteristics of individual composers and their times, she has played representative compositions, until with the conclusion of the series tomorrow night, she will have presented over 30 outstanding compositions for the piano.

Tomorrow night's program will begin at 8 o'clock and will feature the modernists, Debussy and Ravel, with some of their most characteristic compositions.

In the first lecture recital of the series, Mrs. Peak discussed early French, English and German composers, and played different selections illustrating this period. John Sebastian Bach followed, with the third evening devoted to Haydn, Handel and Mozart. On the succeeding program, devoted to Beethoven, Mrs. Peak was assisted by Ollime Enlow Mathews as guest violinist, and the two accomplished artists played the Kreutzer Sonata.

Brahms and Schubert formed the succeeding composers, and for her latest program, Mrs. Peak chose Liszt and Chopin.

## Two Members Honored By Day Nursery Board

Two members who have served wholeheartedly on the Ebell Day Nursery committee, Mrs. W. W. Kays and Mrs. Chester E. Blacow, were complimented the past week at a picnic luncheon shared by the board at Irvine park. This followed the final business session of the season, held in Ebell clubhouse.

Mr. and Mrs. Blacow soon are leaving Santa Ana, where they have made their home for some time. As a farewell gift, Mrs. Blacow was presented with a set of silver spoons. Mrs. Kays, who has completed a valuable term on the Day Nursery board, also was handsomely rewarded. Her duties as chairman are to be filled by Mrs. Lena G. Hewitt, who was elected to that position at the recent meeting.

Those present were Mrs. O. H. Umberham, Mrs. C. E. Blacow, Mrs. W. W. Kays, Mrs. Lena Hewitt, Mrs. J. E. Lewis, Mrs. E. F. Museum, Mrs. Rowland P. Yeagle, and guest, Mrs. W. W. Perkins, a sister of Mrs. Lewis.

Committee meetings will be resumed in the fall.

## Local Girls Study Dental Hygiene At U. S. C.

Miss Vivian Herr, of 606 North Ross street, is spending several days in Los Angeles, prior to taking her state board examination which will be given to dental hygienists on Wednesday, Thursday, and Friday of this week. Miss Herr recently completed her two-year course as a dental hygienist at the University of Southern California, where she was outstanding both in scholastic and social merit. She is affiliated with the Alpha Kappa Gamma, honorary society for dental students, and as a freshman, was president of her class.

Miss Clare Herr, who this fall will be a sophomore in the same school of dentistry, is also a member of the Alpha Kappa Gamma, and during the past year was honored by being elected president of her class. They are the daughters of Mrs. Catherine A. Herr, and plan to spend the summer months in Santa Ana.

## Second Travel Group Has Luncheon at Balboa Beach

A day at Balboa Beach in the delightful summer home of Mrs. J. R. Medlock was enjoyed yesterday by members of the Second Travel section of Ebell society, who brought to a close their meetings for the season.

In entertaining, Mrs. Medlock was assisted by her daughter, Mrs. Clarence Gustlin. Twenty-seven members were present for the covered-dish luncheon served at noon, with tables in use spread with dainty white linens.

As the leader, Mrs. Theo Winbiger, was absent on a vacation journey, Mrs. John Backus presided over the business session. For roll call, members responded with current events. The impromptu program included beautifully played piano solos by Miss Leonora Tompkins.

## College Buccaneers Name Officers

Adam Lehr was elected Skipper of the Buccaneers at the final meeting of that organization held late last week in the home of T. E. Williams, adviser, 1024 Hickory street. Other officers elected were Rhodes Finley, first mate; Fred Brooks, keeper of the log; Harold Dittmer, keeper of the booty, and Russell Koons, bos'un. During the business interval it was decided to hold several social meetings during summer vacation months.

Refreshments of cake and chocolate were served to Messrs. Adam Lehr, Rhodes Finley, Russell Koons, Joe Koons, Dean Hyatt, Jimmy Hatcock, Bill Beeman, Dante Sircusa and Kenneth Eastman.

## Shiloh Circle

Members of Shiloh Circle Ladies of the G. A. R., made the latest meeting in their clubrooms in Pythian hall, an event in celebration of Flag day because the recent date of June 14 commemorated the adoption of the Stars and Stripes as the national emblem in 1777.

H. E. Smith, a member of Sedgwick Post G. A. R., gave an interesting reading on "The History of the Flag," and readings with the flag as their theme, also were contributed by Mrs. Sarah Alford, Mrs. Sarah Brown and Mrs. Kate Johnston. To complete the interesting program, J. H. Brown, commander of Sedgwick Post No. 17, told of his life and experiences during the Civil War, and sang several patriotic songs.

There were 20 Circle members present to enjoy the afternoon with several guests including the comrades from the G. A. R. post. Refreshments were served at a committee composed of Mrs. Emerson, Mrs. Edith Knesel, Mrs. Lula Hall and Mrs. Johnston.

## Annual Jaycee Banquet Held in Woman's Clubhouse

With showers of silver stars from the chandeliers, and side-lights concealed by single large stars bearing silhouettes of the discus thrower, the Orange Women's clubhouse presented an attractive scene for last week's annual junior college for the year. Red, white and blue streamers, festooned from the ceiling, stressed the Olympic theme, and completed the decorations.

Clever Decorations  
Tables each typified a different nation, and were presided over by student host and hostess. Tiny dark-skinned maidens in hula skirts and leis, marked each place at the Hawaiian table, presided over by Miss Helen Bower and Charles Stehly. Magnolia blossoms and wax tapers completed the decorative effect. At the Japanese table were Bernice Keller and Miner Whitford were hostess and host, little Japanese figures and cherry trees in bloom held full sway. Miss Velma Bishop's table with John Dunlop as host, represented all nations; while Miss Dora Tedford and Ervin Watkins presented a gay Holland scene, with bright tulips, a pond and windmills. The table presided over by Miss Alberta Green and Jac Crawford, had Alaska as its theme, with quantities of snow and igloos as a centerpiece. An especially long table, which had two hostesses, Miss Eugenia Gire and Miss Saragrace Frampton, and two hosts, Walter Wilson and Alfred Forsey, was representative of Africa, with grass huts, tiny natives and an abundance of monkeys. The head table was perhaps the most striking of all, for it was typical of the United States, with the Atlantic ocean and the Statue of Liberty.

Retiring Officers  
The four course dinner was followed by an interesting program, with Dante Sircusa, outgoing president of the Associated Students, acting as toastmaster. The junior college men's quartet composed of Martin Bowman, Bill Fox, Philip Grist and Mark Hare, sang "Calam as the Night," and "Plantation." The retiring board was introduced, composed of Dante Sircusa, president; Roy Wheeler, vice president; Miss Hazel Hushman, secretary; Jac Crawford, treasurer; Dulecia Green, commissioner of Del Ano; Glover Hendricksen, commissioner of El Don; Walter Wilson, commissioner of men's athletics; Miss Shirley Thurman, commissioner of women's athletics; Miss Elizabeth Palmer, social commissioner; and Jimmie Quiggle, commissioner of forensics.

Two Addresses  
An interesting address, "Students in the Orient," was given by McKee Fisk, dean of the junior college. This was followed by a piano solo, "Polonaise in A Flat Major," by Chopin, played by Miss Katherine Gorath.

An introduction of the new officers was made by Gene Hall, new president of the associated students, and included James Goodfellow, vice president; Miss Saragrace Frampton, secretary; Roy Wheeler, treasurer; Miss Evelyn Fairley, commissioner of Del Ano; Gene Robb, commissioner of El Don; Bob McFarlane, commissioner of men's athletics; Miss Ernestine Wakeham, commissioner of forensics; and Miss Helen Bower, social commissioner.

A worthwhile speech, "Students in France," was given by D. K. Hammond, president of the college. This was followed by a vocal solo "The Old Violin" by Fisher, given by Miss Jean Baldwin. The presentation of an oil painting to the school as the class gift, was made by Lewis Bates, sophomore class president, and concluded the program.

The Santa Ana W. C. T. U. will have a birthday social Tuesday, June 28 in Spurgeon Memorial church. A covered-dish luncheon will be served at noon. All members are urged to be present and to bring a covered-dish and sandwiches. Address.

Adam Lehr was elected Skipper of the Buccaneers at the final meeting of that organization held late last week in the home of T. E. Williams, adviser, 1024 Hickory street. Other officers elected were Rhodes Finley, first mate; Fred Brooks, keeper of the log; Harold Dittmer, keeper of the booty, and Russell Koons, bos'un. During the business interval it was decided to hold several social meetings during summer vacation months.

Refreshments of cake and chocolate were served to Messrs. Adam Lehr, Rhodes Finley, Russell Koons, Joe Koons, Dean Hyatt, Jimmy Hatcock, Bill Beeman, Dante Sircusa and Kenneth Eastman.

## Santa Anans Attend Celebration of Birthday

A little group of Santa Anans attended an enjoyable affair recently in Sierra Madre canyon when the Rev. S. M. Ramsey's 88th birthday anniversary was the occasion for a family party. The Ramsey home in the canyon was the setting for the event.

Mrs. M. A. Cooper of Pomona, who is 93 years of age, shared honors for the day. A delicious dinner was served by Miss Martha J. Ramsey, daughter of the Rev. Mr. Ramsey, assisted by Mrs. O. S. Johnston.

The Rev. Mr. Ramsey has spent more than 60 years of his life in the ministry of the Reformed Presbyterian church, and is still a pastor of a church in Los Angeles.

Relatives present from Santa Ana were Mr. and Mrs. O. S. Johnston, Mrs. G. M. Ramsey and daughters, the Misses Jean and Eva Ramsey. Others present were Miss Bertha Cooper, of Pomona and Mr. and Mrs. Z. C. McCampbell of Whittier.

## Church Societies

In a setting of oaks and hills conducive to an inspirational conference, members of the First Baptist church "official family," consisting of officers and organization workers of that congregation, participated in their fourth annual retreat at Irvine park Saturday.

Called to outline the church program for the coming year, as well as to afford leaders of the church opportunity to renew their fellowship, the conference undertook a discussion of monthly engagements for departments, as well as of association, state and national plans to be considered in connection with the church calendar.

Special topics on which decisions were reached dealt with periods of special evangelism; quarterly loyalty lists; a six weeks' school of world friendship; and the calendar of various social events.

Participating in the discussion were the board of trustees, the board of deacons, committees on reception and ushers, and church organizations including the young people's societies; W. W. G. C. W. C., the Bible school, the Woman's society and the Men's club.

The Rev. Harry Evan Owens, pastor, officiated at the conference, which followed a picnic dinner for which arrangements were made by W. A. Atkinson, P. H. Norton and P. H. Peters. A devotional period was directed by R. M. Cutler, A. M. Robinson and Mrs. Elmer Steffen.

## ANNOUNCEMENTS

The Friendly Circle class of the First M. E. church will hold a picnic on the occasion of its monthly social, Friday at 6:30 o'clock in Anaheim park.

The Santa Ana W. C. T. U. will have a birthday social Tuesday, June 28 in Spurgeon Memorial church. A covered-dish luncheon will be served at

## Santa Anas Have Week-end Guests

Mr. and Mrs. Harry Harlow, North Ross street, who are spending some time at Lake Arrowhead, had as week-end guests, Mr. and Mrs. Kenneth King, of Orange. Friends of the Harlows will be interested to learn that Mr. Harlow is getting along nicely following a recent illness. He has been recuperating at the mountain resort.

A feature of the week-end visit was a quiet celebration of the birthday anniversaries of Mrs. Harlow and Mrs. King, as the two usually observe this date together. En route to Arrowhead, Mr. and Mrs. King stopped at Monrovia where a family party was held in honor of Mrs. King. Her mother, Mrs. Alice Deming, was hostess at this time.

E. Moore, P. N. Chapin, Jane Morse, William Strassberger, Taylor, Charles Whitte, W. W. Berry, J. R. Leonard, Miss Henrietta Bohling and Messrs. James Tarpley and W. W. Hyde.

More Cream, and Fewer Fat Calories!

Cooking can be oodles of fun if you are interested. Recipes are as variable as the wind and the interested worker can learn something new every time she makes something to eat.

For example: I have discovered a splendid way to cut down the fat calories in cream, at the same time almost doubling the quantity of cream.

I was putting a frozen dessert together in which two eggs were used. The yolks went into the cooked base, the whites into the one and only deep pitcher that was empty at the moment. The whites I chilled and when the time came to finish making of the dessert they were quickly beaten to a stiff froth—not dry remember, just stiff. Then, lacking another pitcher in which to beat the cream, I poured about 2-3 of a pint of whipping cream into the beaten whites and went on whipping.

The combination beat up quickly, making nearly a quart of the lightest of whipped cream. It was well whipped into the cooked base and set to freeze. I turned the cream just once and when it was

fully frozen it could be cut in slices and was as smooth as silk.

## TODAY'S RECIPE

### Bran Muffins

- 1 egg, beaten lightly
- 1 tablespoon sugar
- 1 scant teaspoon salt
- 1 cup sweet milk
- 3 tablespoons cooking oil
- 1/2 cup flour sifted with
- 2 teaspoons baking powder
- 2-3 cup cooking bran
- 1/4 cup yellow cornmeal

A quick and light hand should be the order when mixing muffins. The less they are handled the better. The oven should be a hot, quick one, the pans well heated and oiled.

Put the egg, sugar and salt into the mixing bowl and give them a few turns of the egg beater, then put in the milk and cooking oil, or any other fat you may choose to use, but melted, remember. Whisk these up lightly and stir in the flour and baking powder, or, rather, sift them in.

After brief mixing of the flour take the egg beater and whip out all lumps, add the bran and cornmeal and fill the muffin tins half full. Bake in a 375 degree oven about 10 minutes, if small, longer if the muffins are larger.

Supposing you want to bake but one small pan of muffins. Don't throw out the batter. Just put it in a covered pitcher in the refrigerator, and the next time you want hot muffins drop in an egg, whip briskly, then add 1 teaspoonful of baking powder dissolved in a little hot water. Whip through the batter, add a little more bran and there you are!

By the way, you can do exactly the same thing with waffle batter, and maybe you'll say as we did, "these are twice as good as they were the first time."

The whole muffin recipe runs to 860 calories, mostly energy makers. A single small muffin should be worth around 60 calories, but what is eaten on them is something else again. Don't forget that a small pat of butter has a price tag of 100 fat calories and jam one of 100 calories per tablespoonful.

I wonder if you have trouble in

## BAXTER'S FILM POPULAR WITH S.A. AUDIENCES

"Man About Town," depicting behind-the-scenes life in Washington, rich in romance and abounding in thrills, is proving one of the Fox Broadway's biggest hits of the season.

"Man About Town" relates a story of two men whose friendship was ironed until both fell in love with the one woman. It is then that one of the men sets out to destroy the other.

Warner Baxter, always a local favorite, appears in the leading role, one that fits him perfectly. As the lover of the beautiful heroine, he is sincere and convincing and as the suave proprietor of a fashionable gambling house, he is at his smartest.

Karen Morley, little known on the screen until she gave her superb performance in "Arsene Lupin" with John and Lionel Barrymore, plays the leading feminine role and is superb as the young woman who averts an international scandal but gets herself into trouble. Conway Tearle, who recently returned to the screen after a vacation spent on the stage, appears as the disappointed lover and gives a performance that is pleasantly reminiscent of his earlier days in pictures.

Splendid support of the principals is given by Lillian Bond, Alan Mowbray, Leni Stengel, Lawrence Grant and Halliwell Hobbes. The glamor of Washington is graphically reflected through John Francis Dillon's direction.

## "WEEK-END MARRIAGE" STARS

Loretta Young and Norman Foster, principals in "Week-End Marriage," a picture opening tomorrow at the Fox West Coast.

## WILL ROGERS FILM CLOSES AT WALKER'S

"Business and Pleasure," Will Rogers' latest starring vehicle, will be shown in its last times today at Walker's State theater. During its engagement it attracted capacity audiences consistently, testifying to Rogers as one of the most popular artists in motion pictures.

Although Booth Tarkington wrote "The Plutocrat," from which the film was taken, as a defense of the middle western "Babbitt," Rogers gets much more out of the story than that, and keeps interest at a high pitch as he provides more than his usual quota of laughs.

As in all other Rogers' pictures, there is not an off-color joke or situation in the entire production, a circumstance that has endeared him to the American family.

## WEST COAST'S NEXT IS MARRIAGE FILM

Loretta Young and Norman Foster, the "sweetheart team" of "Play Girl," are at the Fox West Coast theater again tomorrow in "Week-End Marriage," a picture which features a large cast of talented players, among them George Brent, who scored such a hit in "The Rich Are Always With Us," the Ruth Chatterton picture; Vivienne Osborne, Aline MacMahon, Sheila Terry, J. Farrell MacDonald and others.

"Week-End Marriage" brings a blend of drama and comedy to the West Coast this week, telling a story of a young married couple who find themselves at odds because the husband earns less than his wife. Eventually the young husband becomes mixed up with a fast crowd and loses his job as a result of a scrape. Disgruntled and too proud to have

his wife provide for him, he walks out on the delicatessen and dirty dishes which characterized their married life.

Tonight marks the closing of "Westward Passage," Ann Harding's latest film.

# MAN TO MAN

—A STATEMENT BY THE GILLETTE SAFETY RAZOR COMPANY

IN its recent confession the Gillette Safety Razor Company told you that, under the stress of introducing a new razor and blade, uniformity had suffered; and told you how our efforts to correct the trouble had resulted in the development of a far superior product.

Several readers have asked us how we can make the bold, positive statement that today's Gillette blades are the sharpest, smoothest-shaving blades we have ever produced. This is a fair question, and here is our reply: A marvelous new testing machine, recently developed, scientifically proves that these blades have never before been approached in keenness.

We cannot discuss the nature or details of this machine because it is being patented. But we can tell you that it measures microscopic dimensions with unfailing accuracy—revealing with mathematic exactness, actual degrees of razor-blade sharpness. So when we state that today's Gillette blades are the sharpest we have ever made we are basing our assertion upon

fact. We know we are right and can prove it. Further than this—everyone knows that a razor blade must be able to bend without cracking when tightened in the holder. This requires steel of a certain temper not suitable for a keen cutting edge. The problem is to permit flexing and yet have a hard edge that can be ground and stropped for proper shaving performance. Gillette has achieved the solution of this problem in the manufacture of its slotted blades.\* These blades are made by a special tempering process that makes the edges exceptionally hard, while the center, of a different temper, flexes easily.

We urge you to try today's Gillette blades—the regular blade in the familiar green package or the BLUE SUPER-BLADE in its blue package, Cellophane wrapped. Do so without risking a cent. If you don't agree they are the sharpest, smoothest-shaving blades you have ever used, return the package and your dealer will refund your money.

## The Gillette Blue Super-Blade

The \$2 Kroman De Luxe blade has been withdrawn from production. We offer the Blue Super-Blade as its successor. This sensational blade is far superior to the Kroman and costs considerably less. You pay only a few cents more than for the regular blade and get unmatched shaving comfort. Its extraordinary shaving performance will convince you that the Blue Blade is the sharpest ever produced. A blue color has been applied to the blade for easy identification. It is contained in a blue package, Cellophane wrapped.

# THE TINYMITES

STORY BY HAL COCHRAN—PICTURES BY KING

The big false heads the Tinies had made lots of little youngsters glad. They gathered 'round and watched wee Duncy do some funny stunts.

He turned a funny cartwheel. Then fell down on trying it again. "Well, anyway," he shouted, "you'll admit I did it once."

Then one small tot said, "Let me try that false head on. I'll bet that I will also look quite funny." "Sure you can," kind Scouty said. "Just stand real still. I'll help you, son, and you will have a lot of fun." The youngster very shortly had it safely on his head.

'Twas heavy, which was his excuse for shouting. "Kindly pry it loose, I'm sure I'll topple to the ground if it stays on too long."

When it was off the wee tot said, "My goodness, that's a heavy head. I don't see how you stand it. Gee! You Tinies must be strong."

Just then one Tiny shouted, "Hark! Some dogs are near. I hear them bark." And then he

added, "Here they come. They're circus dogs, I'll bet."

A circus man who stood nearby said, "You are right, young man, and I will make my two dogs have a race. My, what a thrill you'll get!"

The man then walked up to a cage where monkeys flew into a race. "Don't worry," said the circus man. "They know why I am here. I'm going to let them have some fun. They'll get a ride when my dogs run. Of course I'll leave some monkeys behind and that's what they all fear."

Two monkeys soon were taken out. They jumped right down and ran about and then jumped on the two dogs' backs, all set to have the race. The circus man yelled "Go!" at last and then the two dogs ran real fast. Each monkey held on tight, and had a scared look on its face.

BONERS are actual humorous tid-bits found in examination papers, essays, etc., by teachers.

The morality rate is highest during the first year of life.

Mary, known as Bloody Mary, was not nearly such a bad sort as people in Elizabeth's reign made out. In fact she was not nearly so bloody as she seemed, and it must be remembered she had five step-mothers.

## BOARD PASSES ORDINANCES ON CITY LICENSES

HUNTINGTON BEACH, June 21.—The city council, meeting in an adjourned session yesterday, adopted ordinances on city licenses for commercial establishments and oil derricks and trucks. The main change is in the oil derrick license, which is cut from \$50 a year to \$25, with no charge on idle derricks.

The council voted to pay half the water bill for the garden for the unemployed. The American States Water company will donate the other half of the cost of water for the garden. The garden is to be tended by the unemployed and the products distributed through the local welfare bureau.

The council also voted to build a windbreak about the beach dining room under the pier. It is to cost, when completed, \$1500 but will be built in three units costing \$500 each in order that the work may be done by local labor without contract. In this way the council will make a needed improvement at the city owned beach and provide work for unemployed in the city.

## Thelma Robinson Becomes Bride of J. Sherman Denny

HUNTINGTON BEACH, June 21.—Miss Thelma Robinson, daughter of Mr. and Mrs. J. E. Robinson, residing at Delaware and Main streets, and J. Sherman Denny, stationer of the Huntington Beach company, were married at the Huntington Beach company ranch home, where Mr. Denny and his mother reside, at 3 o'clock yesterday afternoon. The Rev. James G. Hurst, pastor of the First Christian church, was the officiating clergyman.

Following the ceremony the bride couple left on an auto tour of Southern California points. On their return at the end of the week they will be at home at the Huntington Beach company ranch home.

The bride is cashier at the B. & C. Drug store here and is popular socially. The groom is president of the Garden club of this city and is a director in the chamber of commerce and the Rotary club.

Members of Anaheim Kiwanians were guests of Fullerton club yesterday and provided entertainment.

**NEW L. T. L. QUARTERS**  
PLACENTIA, June 21.—Members of Placentia Loyal Temperance Legion, housed in new quarters just north of the new Placentia post office, are planning to use these rooms as a place to not only display their materials, but where they can make the scrap books they are preparing for the soldiers' and sailors' home at San Diego, it was revealed yesterday at the regular meeting.

Mrs. E. H. Brunemeier, leader, announces that the next meeting will be at the club rooms July 18.

## Huntington Beach Chamber Offers Fishing Prizes

HUNTINGTON BEACH, June 21.—In a brief business session at the Coffee Cup cafe yesterday the chamber of commerce through President W. R. Osborn announced that the chamber would offer fishing prizes for the Legion prizes for the Legion members and their wives at the first annual pilgrimage of the 21st Legion district to be held here June 25 and 26.

Vernie Keller, commander of the Legion post of this city, announced the pilgrimage and stated it would be a semi-annual affair if the first pilgrimage proved a success.

President Osborn announced that the Owl Fumigating company employees, about 100 in number, would be here for a picnic at the beach July 18.

Those present at the meeting were J. S. Denny, Ray Overaker, C. R. Furr, Dr. Lawrence Whitaker, Mrs. Jennie Hubbard, Mrs. May S. Jackson, E. B. Stevens, H. S. Young, W. S. Ebert, H. M. Hepburn, R. G. Miller, Fred Slidbottom, Robert F. Gelvet, H. W. Hartley, R. G. Lindley, Verne Keller, C. P. Patton, Frank Morris, J. Ed Huston, W. R. Osborn.

## Brea Pastor In 'Landmarks' Talk

BREA, June 21.—The Rev. Joseph Gray, pastor of the Brea Nazarene church, took for his subject for the morning sermon Sunday, "Ancient Landmarks of Our Fathers," speaking from the text "Remove not the ancient landmarks which thy fathers have set." Prov. 22, 28.

He said in part, "There are ancient landmarks on the old paths we need to keep as mariners need the Greenwich meridian to guide as a basis of calculation. Our Meridian line is the Bible or word of God and we need to build on the foundation our forefathers have laid."

"The paths of our forefathers have trod are in danger of neglect. The paths of Sabbath observance are neglected. Modesty of dress has become immodesty. Old fashioned rugged honesty is not so often found as in the times of our fathers and respect to the opposite sex is little thought of, while the lack of temperance as regards drinking liquor and in other ways is deplored. The family altar is sadly neglected. All of these things need to be considered seriously. Thus saith the Lord, stand ye in the ways and ask for the old paths, where is the good way and walk therein, and ye shall find rest for your souls."

## Beach Party For La Habra Guest

LA HABRA, June 21.—Honoring Miss Gertrude Jahn of Dixon, Calif., who is visiting in La Habra in the home of Miss Helen Jackson, Miss Jackson will give a beach party Wednesday evening at Huntington Beach.

Swimming, beach games and a wicker bake will entertain the guests, Mr. and Mrs. Norton R. Skinner, Clayborne Swift, Mr. and Mrs. William Keith, Mr. and Mrs. Bernice Rettig, Miss Irene Jourigan, Melvin Morris and Mr. and Mrs. William Korsemeier.

## FULLERTON FIRE

FULLERTON, June 21.—Fire of unknown origin partly destroyed the home of Herbert Hais, 227 North Yale avenue, early Monday morning.

Firemen arriving at the scene found the family gone and the fire in a clothes closet, where most of the clothing and all things on the shelves were destroyed. The fire had burned through a door and was starting in the rugs of the adjoining room.

## RECOVER BODY OF PLACENTIA BOY FROM LAKE

PLACENTIA, June 21.—The body of Clay Bledsoe, son of Mrs. Minnie Bledsoe, of Placentia, was recovered from Yorba lake at Yorba Linda at about 5:15 p. m. yesterday, after divers and crews with grappling hooks had searched all afternoon.

The lad was drowned while swimming with a group of companions in the lake, evidently seized with a cramp while swimming a race across the lake. He is said to be the fourth victim of the lake, which is a storage reservoir of the Anaheim Union Water company.

The body was recovered by a local young man, Howard Chapman, who with a group of local men, remained to hunt after the others had gone.

The body was taken to the funeral chapel of Backs, Terry and Campbell in Anaheim. Funeral announcements will be made later.

Clay, a student at Placentia union grammar schools, had lived in Placentia six years. Two sisters survive, Esther, 19, and Bode, 11. The older sister and Mrs. Bledsoe work in a Placentia packing house.

## Boat Built By La Habra School Student Launched

LA HABRA, June 21.—To launch the 16-foot racing skimmer recently completed by Francis Luehm, of La Habra, a party spent Sunday at Newport bay.

The boat was made during the past two years by Luehm, 17-year-old son of Mr. and Mrs. Edgar Luehm, in the manual training shops of the Fullerton Union High school. It carries a 24-foot mast, with a boom 14 feet, ten inches long. It is equipped with 185 square feet of sail. The frame of the boat is of oak and has cedar deck and bottom. It is 18 feet long and five feet wide and will be entered in the sail boat races as No. 50 and will compete in the races held at Newport bay each summer.

Those who went to Newport for the launching of the boat were Mr. and Mrs. Edgar Luehm and daughter, Katherine; Mr. and Mrs. H. Goodell and sons, Mr. and Mrs. P. J. Stempel and children, Mr. and Mrs. C. G. Schuepbach and son, Millard; Mr. and Mrs. Claude Ridgeway and two children, Mr. and Mrs. L. A. Welch and daughters, Mr. and Mrs. P. P. Davis and sons, and Mr. and Mrs. L. E. Proud and three children.

## Council Delays License Action

PLACENTIA, June 21.—At a brief session Monday night, city councilmen considered taking action, but deferred it, regarding distribution of Orange county newspapers within the city limits without paying license fees. The subject was broached by Frank Rosparw, local editor.

Changing all city fire hydrants to meet standard requirements was made Monday, Fire Chief Horace Lucy said.

Councilman C. R. Young was authorized to have the live oak trees on Chapman avenue sprayed for caterpillar control, on report of Councilman A. C. Schallies. Young is street commissioner.

## Hitch Hikers Off For Michigan City

LA HABRA, June 21.—Bob Tracy, son of Mr. and Mrs. J. E. Tracy, of La Habra, and Randall Johnson, son of Mr. and Mrs. C. E. Johnson, also of La Habra, have left for Cedar Rapids, Mich.

The boys will hitch hike most of the way and are going to work on a ranch in Cedar Rapids which belongs to Tracy's sister, Mrs. O. L. McConaughy. The distance to be traveled is about 2700 miles.

Tracy is a graduate of this year's class of Fullerton Union High school and Randall is a junior.

## ROAD ASSOCIATION CONVENES FRIDAY

YORBA LINDA, June 21.—On Friday night the Imperial Highway Association will meet at Glen Ivy Hot Springs east of Corona for its June session. Chief reports will be of the completion of the Imperial valley-Pi Segundo road through parts of Riverside county and celebration of the completion of Carbon canyon and Pine to Palms road in Riverside county, according to George Kellogg, Yorba Linda, secretary of the association.

## Open Meeting Of Strategy Board Set for Friday

PLACENTIA, June 21.—Dr. S. Earl Taylor, working with authorities to get a text book on the effects of use of alcohol on the human system, and lecturer on enforcement of the 13th amendment, with Perry Mathis, president, and the Rev. Grover Ralston, secretary of the Orange County Law Enforcement league, will be present at the Placentia strategy board meeting to be held at the American Legion hall at 7:30 p. m. Friday, according to Dr. E. H. Brunemeier, in charge of organization of the Placentia branch of the strategy board.

The meeting is open to the public, and Dr. Brunemeier urges everyone to attend to hear the talks.

## ISLAND CAMP FOR GIRLS IS OPENED

NEWPORT BEACH, June 21.—Mar Casa on Balboa island, the summer camp and training school for girls of the First Presbyterian church of Pasadena, started summer activities today with the opening of a training course for leaders, a group of girls of that class having come down yesterday with Miss Blanche Wachob, director of the leaders' camp, in charge. This class of girls will stay in camp for 10 days or two weeks and then they will go back to their homes making place for another class which will come for a short stay. The school handles seventh grade, eighth grade and senior classes.

Miss Eleanor March, who has charge of all of the girls' work of the church, will also be present to assist in the work. Mrs. Eck is house mother for the summer and Mrs. Mayme F. Foote, cook and general housekeeper, will be spending her fifth year here.

## Investigator To Talk In La Habra Wednesday Night

LA HABRA, June 21.—Martin Luther Thomas, investigator for Mayor Porter's office in Los Angeles, will be the speaker at the Brotherhood meeting Wednesday evening. The affair will be a 6:30 o'clock dinner at the Methodist Social hall.

## Firemen Enjoyed Escondido Outing

BUENA PARK, June 21.—Firemen and their wives enjoyed an outing Sunday, when they motored to the C. H. Owens ranch near Escondido in the early morning hours. Those enjoying the breakfast at the Owens ranch from Buena Park were Mr. and Mrs. Charles H. Owens, Mr. and Mrs. Claude I. Allin and daughter, Claudine, Mr. and Mrs. W. E. Tice and son, Edgar, Mr. and Mrs. Fred Winters, Mr. and Mrs. L. H. Magee, Mr. and Mrs. N. D. Cogor, Mr. and Mrs. Oscar West and son, Charles, Mr. and Mrs. Lester Schofield and son, Bruce, Clinton McGee, Caryl Snyder, J. F. Simpson, George Jaynes, Miss Lloyd Allin, Durwood Foster and Mrs. Eleanor Jones and sons, Kenneth and Donald. The group was joined at the park by Mr. and Mrs. Ray Butler and family and a cousin from San Diego.

## COUNCIL WILL HAVE FLOAT IN LIGHTS EVENT

NEWPORT BEACH, June 21.—At the city council session last night, the council voted to enter a float in the Tournament of Lights, to be held July 14 in Newport bay, it was announced today, after a conference yesterday between civic leaders in Tustin and officials of the Newport Harbor Chamber of Commerce, which is sponsoring "the lights."

Tustin's entry is expected to depict a runner in the Olympic games, in honor of Evelyn Furtach, sensational girl runner and recent graduate of Tustin Union High school. Miss Furtach is slated to run in the Olympic try-outs in Chicago the day of the Tournament of Lights, and Tustin girls to be chosen by her will be on the float representing her city in the lights fiesta, according to the plans tentatively arranged yesterday.

The Tustin Farm center, chamber of commerce and other organizations there are cooperating with the Newport Harbor chamber in making the arrangements. Miss Furtach and some of her aides are expected here Thursday of this week, with President Phil Brooks of the Tustin chamber of commerce to advance the plans.

## Shower Observes 2 Anniversaries

LA HABRA, June 21.—A surprise handkerchief shower observing the birthday anniversaries of Mrs. Stanley Davies and Mrs. Harold Robertson, of Midway City, was held at Huntington Beach last evening. The affair was planned by their many friends at Midway City and La Habra. The two women are sisters and their birthdays both come this week.

A beach party was held, with swimming and beach games, followed by a wicker supper on the sands.

Going from La Habra were Mr. and Mrs. J. E. Walker and family, Mr. and Mrs. Claude Ridgeway and family, Mr. and Mrs. P. P. Davis and two sons, Mr. and Mrs. C. G. Schuepbach and son, Mr. and Mrs. John Leutwiler, Mr. and Mrs. Edgar Luehm and children, Mr. and Mrs. H. H. Paabody and Mr. and Mrs. William Brown, of Rosemead.

## Tustin To Enter Float In Newport Bay Tournament

NEWPORT BEACH, June 21.—Tustin organizations are planning to enter a float or large boat in the 14th annual Tournament of Lights, to be held July 14 in Newport bay, it was announced today, after a conference yesterday between civic leaders in Tustin and officials of the Newport Harbor Chamber of Commerce, which is sponsoring "the lights."

Tustin's entry is expected to depict a runner in the Olympic games, in honor of Evelyn Furtach, sensational girl runner and recent graduate of Tustin Union High school. Miss Furtach is slated to run in the Olympic try-outs in Chicago the day of the Tournament of Lights, and Tustin girls to be chosen by her will be on the float representing her city in the lights fiesta, according to the plans tentatively arranged yesterday.

The Tustin Farm center, chamber of commerce and other organizations there are cooperating with the Newport Harbor chamber in making the arrangements. Miss Furtach and some of her aides are expected here Thursday of this week, with President Phil Brooks of the Tustin chamber of commerce to advance the plans.

## 3 WELLS DRILLING IN BEACH FIELD

HUNTINGTON BEACH, June 21.—The McCaslin well at Ninth and Ocean is reaching hole preparatory to setting casing to test a sand at about 4500 feet deep. This is a redrill job on the old Hanke well at that corner and the result is being watched with interest in the field.

Another redrill job now starting is that of the Invader well at Westminster avenue and Garfield street outside the city limits. Ray Miller and associates have the work underway. It will be a side-track job and is in the rich Garfield street area where production is assured. Interest in the well is largely as to how good or how big a well can be developed in that area where wells have been producing for eight or nine years and many of them are still highly profitable.

The Hill well at Thirteenth and Orange is drilling for the shallow zone in that part of the field. The announcement of the raise in the price of oil which was promised the producers for the end of last week, has not been forthcoming as yet.

## H. B. STANDARD OIL MEN GO TO MURPHY LEASE

HUNTINGTON BEACH, June 21.—The Standard Oil company has centralized all its production department work at the Murphy lease in the Coyote hills. This plan dispenses with the various divisions in Southern California and does away with the superintendent jobs and other official positions in the various fields where Standard Oil is active, leaving only the one field superintendent located at the Murphy lease.

Walter N. Thompson, superintendent at Huntington Beach, will be production superintendent at the Murphy lease. H. G. Durkey, assistant under Thompson is also transferred to the production department at Murphy-Coyote. They will move to the Murphy lease with their families.

John McFarlin, another official here, is transferred to Monroville and will move to that field with his family. Mrs. McFarlin will resign as president of the Women's club here on account of moving away from this city.

Art Wilson, who is superintendent at Kettleman hills, will be transferred to production foreman here and will move with his family to Huntington Beach. Mr. Wilson was a member of the high school board here when he was transferred to Kettleman hills.

In line with retrenchment plans there will be consolidation of work under various departments, but none of the officials or employees are being laid off.

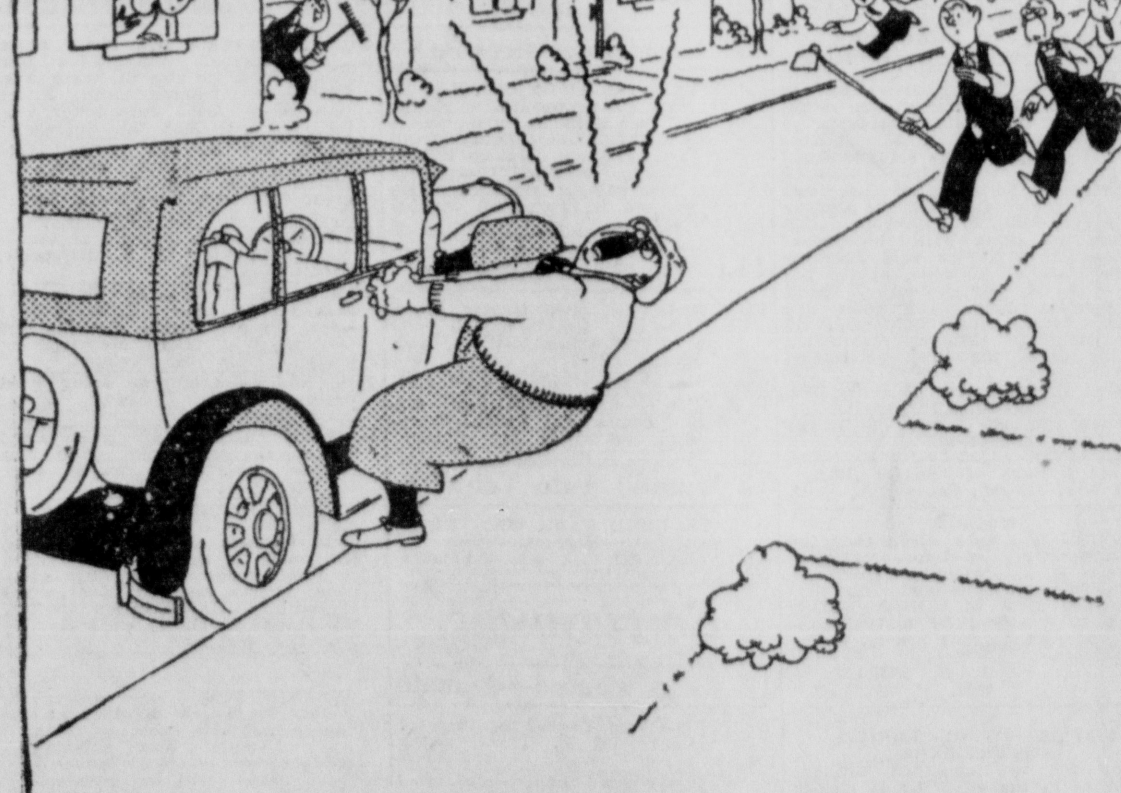

## Brea Nazarene Picnic June 24

BREA, June 21.—Members of the Nazarene church Sunday school are planning an all day picnic to be held in the Anaheim park picnic grounds Friday. A pot luck luncheon will be served at noon and a watermelon lunch at 4 in the afternoon. A committee is arranging for games and swimming in the plunge will be one of the amusements of the day.

## RETURNS TO BREA

BREA, June 21.—Bernard Hall, who has been attending teacher's school for the past year, recently graduated and has returned to Brea.
